WHEAT QUOTAS FAVORED BY FARMERS HERE

Adams County farmers, who voted Friday prefer wheat quotas with 90 per cent parity payments for their wheat, even though it does mean acreage quotas and the carrying of cards to prove they have not exceeded their quotas when they go to sell their wheat next year.

A total of 142 voted out of approximately 800 eligible, at six election houses set up for the special wheat marketing quota referendum held here and throughout the nation.

Even though the number was only a fraction of the number eligible, Martin T. Walger, chairman of the county PMA, said he was "well pleased" with the number which he described as "larger than I had feared."

78 For, 44 Against

The count made at the PMA office on York St. late Friday night showed 78 farmers had voted in favor of the wheat quotas and 44 against. Twenty votes were sealed and will not be counted until the names are checked against the master list of those eligible. The 20 were among persons who voted in districts other than their own. In those cases, because the districts committees could not check them against the list they had for their own district, the votes were placed in sealed envelopes and will be forwarded to Gettysburg to be checked against the lists in the districts in which the voters reside.

Twenty-three Gettysburg area voters cast their ballots at the PMA office here. In addition seven from other districts voted. Because they could be checked against the master files at the PMA office for eligibility, those seven votes are counted in the totals.

At Littlestown 32 from that district and two from other districts voted. Twelve voted at Fairfield. At York Springs 15 from that district voted as did three others from other districts. At New Oxford 21 votes were counted and 15 were sealed to be opened at the county office, as being cast persons not on the voting list for that district. Twelve votes were cast at Biglerville, all by persons from that district.

The farmers here were in line with the voting nationally where the ballots were over 86 per cent in favor of quotas.

HURRICANCE IS MOVING TO SEA; 60 MILE GUSTS

BOSTON (AP)—New England escaped the brunt of the northbound hurricane today as the storm moved out to sea south of Nantucket but coastal areas were hit with heavy rain.

At 5 a. m. (EST) the hurricane centered a short distance east of Nantucket Island. The center was moving east-northeastward about 20 miles an hour, the Weather Bureau said. Highest winds were estimated at 75 miles an hour over a small area near the center and gales extended outward 100 miles.

Cape Cod and Nantucket had gusts up to 60 miles an hour just before dawn at the peak of the storm.

The Weather Bureau said the center was expected to continue in an east-northeastward direction and be almost 200 miles east of Cape Cod at 11 a. m. (EST).

In its early morning forecast the Weather Bureau said northeast storm warnings remain displayed from Block Island to Provincetown and were lowered north of Provincetown at 5 a. m. (EST).

The Coast Guard said earlier today it had received no reports of any damage nor any calls for assistance.

The hurricane, termed B-for-Barbara for the second letter of the alphabet, was the first to strike the coastal United States this year, although the second hurricane of the season. The first, A-for-Alice, blew itself out near the Gulf Coast.

The second hurricane caused at least five deaths and more than a million dollars damage. It flattened fields of crops in North Carolina, swept over the Virginia coast and out to sea.

Its fringes skirted the Maryland Delaware and New Jersey coasts, and an estimated 30,000 people evacuated the Ocean City area of Maryland. Atlantic City, N. J., received 7.29 inches of rain and strong gales. New York City felt the winds and rain at the edge of the blow.

YANK WHO TRIED BUT FAILED TO ESCAPE PRISON CAMP ON FROZEN FEET WAS EXECUTED BY COMMIES

FREEDOM VILLAGE, Korea (AP)—American soldiers who came back today from Communist prison camps told grimly of the capture and execution of a fellow prisoner who tried to escape but could not run on frozen feet.

"They brought him back to camp and said he was going to be executed," said Cpl. Stefano Salerno of Rochester, N. Y. "They took him out behind a warehouse and we all heard the shot."

Fellow prisoners buried their dead comrade later.

Salerno and two other repatriates—Pfc. William Ira Blackburn of Monroe, Wash., and Pfc. Stephen W. Barzykowski of Wilmington, Del.—said the Chinese are using threats to force returning prisoners to tell Red Cross teams that treatment in prison camps was good.

Threatened By Chinese

In Kaesong Friday night, Salerno said, a Chinese interpreter called him out and told him to go before the Red Cross team and second stories of good treatment which would be told by returning British prisoners.

Salerno said the interpreter warned him that "they might hold

PUC APPROVES GAS RATE RAISE

Manufacturers Light and Heat Co., Pittsburgh, with which the local gas company is affiliated has received approval of the Public Utility Commission to raise its natural gas rates by \$2.045, one year.

The Utility's 224,000 western and central Pennsylvania consumers will pay the increased rates retroactive to last May 1. That is the date the PUC's nine-month suspension of the proposed rates ended.

The boost, opposed by the city of Pittsburgh, represents the balance of a \$4,425,000 increase which the Utility sought a year ago. It said then it needed the higher rates to meet increased prices it paid for natural gas.

Manufacturers was allowed a \$2-200,000 temporary increase last Jan. 1 to cover a similar price boost by gas suppliers. At that time the PUC was in the midst of a year-long investigation that covered 21 public hearings.

Reduce Local Bills

The revision has the effect of reducing bills of 7,900 consumers (Continued on Page 2)

Young Heroine To Get Bike For Rescue

Linda Yohe, ten-year-old daughter of Mr. and Mrs. Joseph Yohe, Orrtanna, will receive a bicycle from a Baltimore television station for her heroism in saving the life of her 16-month-old sister, Sharon, on July 21.

Announcement of the award was made Friday night by the station on a 6 p.m. program which gives a weekly award for the "Good Deed of the Week."

Ten-year-old Jimmy Sanders, son of Mr. and Mrs. Kenneth Sanders, Fairfield, a follower of the program, sent a clipping from The Gettysburg Times telling how Sharon Yohe escaped from a fenced in yard at her home and fell into a mill race, and how Linda, playing nearby, rushed to her sister's rescue.

Friday night the story was related as the "Good Deed of the Week" and it was announced that Jimmy Sanders will receive a wrist watch and Linda Yohe a bicycle.

Local Guardsmen Go To Gap Today

The local National Guard unit, Howitzer Co. 2nd Bn, 104th Armored Cavalry, left this morning for Indiantown Gap, where the 82 enlisted men, one warrant officer and six officers will spend the next two weeks in intensive training with approximately 4,500 other National Guardsmen from throughout the state.

The unit's three tank-mounted howitzers left the armory here about 5:45 o'clock this morning enroute to the Harvey Taylor Bridge near Harrisburg. The remainder of the unit, traveling in faster vehicles, left here about 9 o'clock. The two sections will meet at the Harvey Taylor Bridge where they will be joined by other units of the 104th from Hanover, York, Waynesboro and Chambersburg, and then will proceed in convoy to Indiantown Gap.

See yourself on TV Saturday, Aug. 15, from 1 p.m. to 5 p.m. in co-operation with WCHA TV, at Baker's Battery Service, opposite Post Office, Gettysburg.

Count Wheat Quota Votes

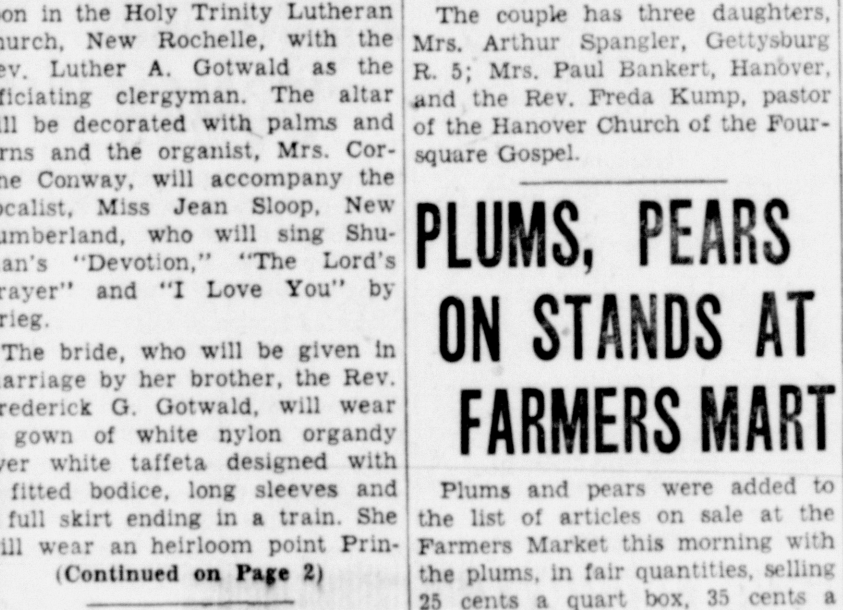

Counting the votes was an easy task for the wheat referendum committee at Gettysburg. Herbert E. Zepp, Donald S. Weikert and Howard D. Waybright are shown as they checked the 23 votes cast by persons resident in the area. The votes of seven others from outside the district were sealed and will not be checked until Monday. Here And There News Collected At Random

Reports of the U. S. Bureau of Vital Statistics show that the two most dangerous ages for men, so far as accidents are concerned, are from 20 to 24, where automobile fatalities reach their peak, and from 60 to 64, although the ages from 55 to 69 are all extremely dangerous ones for men.

Pennsylvania women are less than half as likely to experience fatal accidents as men. Their most dangerous age is extremely late in life. The years from age 75 to 84, the State Planning Board of the Pennsylvania Department of Commerce points out, usually record their highest number of accidental fatalities.

In the early years, the fatal accidents to boys usually greatly exceed those to girls, and that is true even for babies under age one.

The greatest disparity in accidental deaths by age groups in the early years occur, how- (Continued on Page 2)

Corn Prices Down

New potatoes were selling generally around 15 cents a box, 25 to 30 cents a quarter peck and 40 to 45 cents a half peck.

Corn dropped in cost, with the price ranging from 40 to 45 cents a dozen at most stands at the market, as compared to 50 to 60 cents a dozen a week ago. Some larger ears however were still selling at 50 cents a dozen.

Tomatoes ranged at 20 to 25 cents a quart box, with the half bushel price generally \$1.25, a quarter lower than the average last week.

Blueberries were 30 cents a pint, 55 cents a quart; beets, 10 cents a bunch; carrots, 10 cents a bunch; parsley, five cents a bunch; broccoli, 20 cents a bunch; string beans, 15 cents a box; cabbage, five and ten (Continued on Page 2)

World War II Fighter Pilot Sets High Mark With Guard On Target Work Over Atlantic

Lt. Richard Gilbert, son of Mr. and Mrs. Daniel Gilbert, Arendtsville, and a fighter pilot in the European Theater in World War II, proved to Maryland Air National Guardsmen that he hasn't lost his shooting eye since he left combat duty more than eight years ago.

Lt. Gilbert, who now resides in Baltimore, trained with the 104th Fighter Squadron at McGuire Field, Fort Dix, N. J. The unit has just finished two weeks of intensive training on and off the ground.

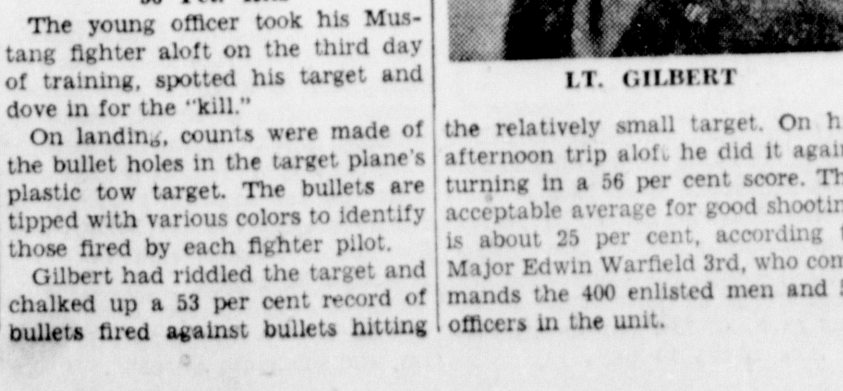

Gilbert, who joined the Guard unit only a year ago, has proved to be one of the "hottest" shooters of the current range practice which took place 25 miles or so out over the Atlantic.

56 Per. Hits

The young officer took his Mustang fighter aloft on the third day of training, spotted his target and dove in for the "kill."

On landing, counts were made of the bullet holes in the target plane's plastic tow target. The bullets are tipped with various colors to identify those fired by each fighter pilot.

Gilbert had riddled the target and chalked up a 53 per cent record of bullets fired against bullets hitting

Hughes, 419 Carlisle St., will become the bride of Shirel LaMont Wolfe, son of Mr. and Mrs. Harry H. Wolfe, 365 Fahs St., York, in a double ring ceremony to be performed this afternoon at 3 o'clock in the Gettysburg Presbyterian Church by the pastor, Rev. Clyde R. Brown.

The pews in which the immediate family will sit, have been decorated with white satin bows. Philip E. McGuire, Gettysburg, organist, will accompany the vocalist, Donald E. Bollinger, also of Gettysburg, who will sing "Pledge" by Massalen, "I Love Thee" by Grieg and "O Perfect Love" by Barnby.

The bride, to be given in marriage by her father, will wear a gown of imported Rosepoint lace over white satin designed in the Spanish motif with long tapering sleeves, a fitted bodice, a bouffant floor-length skirt with inserts of pleated nylon ruffling in a front and circular back panel forming a short train. The wired high collar, opened at the throat, is turned back in reefer-effect and lined with transparent sequins and seed pearls. The gown is worn over a hoop skirt. The fingertip veil is attached to a tiara of seed pearls and transparent sequins. She will wear white slippers and her pearls are a gift of the bridegroom. She will carry a bible covered with satin and a lavender orchid.

Maid Of Honor

Miss Patricia Coldsmith, Gettysburg, the maid of honor, will wear a ballerina-length gown in a soft shade of rose net over tulle designed with a fitted bodice and a bouffant skirt. She will wear a matching pink stole, pink slippers and pink lace picture hat. Her hand bouquet is of flowers of glad-

Fire Prompts Action

Friday's action came less than two weeks after the disastrous fire that destroyed the Fairfield Shoe Company plant on August 2 and brought a petition from the citizens of the town asking that the borough council take prompt and vigorous action to secure a town water system. The indications Friday evening were that the bids will be opened early in September with a 45-day period in which the contract can be awarded.

In the bidding period and in the period immediately after the amount of the low bid is known, the council, borough authority, Mr. Sees and financial advisors will attempt to get the project over some financial hurdles.

Council heard J. Ward Tate, Salona, Pa., of the municipal department of the Philadelphia firm of Butcher and Sherrerd, discuss the financial side of the water project for Fairfield. He said the possibility of negotiating the sale of the entire bond issue is being investigated. If that cannot be accomplished, bids could be asked on the issue. A 40-year period is proposed for paying off the debt.

Increase Property Value

He also pointed out to council the hope that "greater local interest" in the purchase of bonds may develop. In the discussion that followed it was pointed out that the interest from a \$1,000 bond "would pay a citizen's water bill for a year."

The value to the town of the water project was indicated by Mr. Tate when he expressed the opinion to council that "every property in Fairfield will be worth \$1,000 more" when town water is available.

80 Firemen Will March At Hanover

The Gettysburg Fire Department will be at its top parade strength this afternoon as it participates in the annual York County Firemen's Association parade at Hanover.

Eighty firemen are expected to be in the marching unit. A number of the firemen spent the morning engaged in arranging the loading of the old "General Meade" steam fire engine aboard a trailer for transportation to Hanover and in polishing the local fire engines scheduled to be in the line of march.

Vernon Baker, Greenmount, is providing the team of horses to be used to pull the "General Meade" in the parade.

The Campfire programs are presented by the Gettysburg National Park Service.

Ted Williams Gets Homer, 3 Singles As Sox Beat Senators; Yanks Edge A's

By BEN PHLEGAR
AP Sports Writer

He was about a month too late for the pennant race but Ted Williams is back from the Marines, and the rest of the American League is finding it out the hard way.

His eye is sharp and the power is still there. His legs bother him a little but a little more practice now and a winter of careful conditioning probably will bring Williams up to next season as good as new.

Last night in Washington he had his best game so far. He hit a home run with two on base and three singles in four times up. The runs paved the way for a 7-3 Boston victory in the second game of a double-header. Washington won the first game, in which Williams didn't play, 9-1.

Beat As In 11 Innings

In other American League action the New York Yankees edged Philadelphia 5-4 in 11 innings. Chicago defeated Detroit 4-1, and Cleveland took two from St. Louis 7-3 and 3-2. The second game ran 12 innings.

Brooklyn's 13-game winning streak was broken by Pittsburgh, the most unlikely team in the league, 7-1. The last-place Pirates had lost 16 out of 17 to Brooklyn before last night's contest. Milwaukee nipped Chicago 5-4. St. Louis defeated Cincinnati 4-0, and Philadelphia edged New York 7-6.

Murry Dickson celebrating his 37th birthday by leading seven Brooklyn hits for his ninth victory. Frank Thomas drove in four Pittsburgh runs with a home run and a double. The victory string that was snapped was the longest of the season in the National League.

Eddie Gets His 39th

Eddie Mathews hit his 39th home run, a club record, as Milwaukee's Lew Burdette won his 19th game against two losses. Don Liddle helped out in the ninth when Chicago rallied for three runs. Harvey Haddix, pitching his first full season for the Cardinals, scattered four hits in winning his 18th game.

The Giants' pitching fell apart, as it has been in the habit of doing in the seventh inning and the Phils came from behind with three runs. Jim Hearn, who was protecting a 6-4 lead, gave up at the start of the inning with an ending side. Hoyt Wilhelm, Dave Kistner and Al Worthington followed him with Kistner taking the loss.

Finished Under Protest

Alex Keller pitched his way out of a ninth-inning jam in which the Yankees loaded the bases and scored one run with nobody out. But Charlie Silvera drove a punch-hit single to center with runners on second and third in the 11th for the winning run. Bob Kuzava, who pitched the last two innings, picked up the victory, his fifth, and ran his string of scoreless innings to 20. The game was played under protest by Philadelphia from the ninth inning when Manager Jimmy Dykes was tossed out for arguing.

Eastern League

By The Associated Press
If they never again had to face pitcher Ed Mueller of the Scranton Miners, it still would be too soon for the Eastern League Albany Senators.

The right-hander beat the Senators twice last night as the Miners, capped both ends of a doubleheader, 3-0 and 3-2. Mueller shut out Albany in the first game and held the home club to four hits in four innings of relief work in the second.

The Schenectady Blue Jays scored four times in the 12th inning to down the Wilkes-Barre Barons, 10-5. At Wilkes-Barre, the Binghamton Triplets squeaked past the Williamsport Athletics, 2-1, and the league-leading Reading Indians cuffed the Elmira Pioneers, 7-0 and 8-3.

Wall Is Trailing Barber 5 Strokes

MONTREAL P—Art Wall Jr., Pocono Manor, Pa., is five strokes behind leader Jerry Barber, La Canada, Calif., going into today's third round of the 72-hole \$25,000 open golf championship.

Wall's 36-hole total of 137 put him in a three-way tie for 11th with Walter Burkemo, Franklin, Mich., and Ted Rhodes, Chicago. He shot a 71 yesterday.

Barber posted a 68 for a 132 score at the halfway point of the tournament.

Last Inning Rally Gives Bream Garagemen 13-4 Win; Title Contest On Monday

Erupting for 11 runs in a wild final inning, the Glenn L. Bream Garage softball team came from behind to defeat the VFW 13-4 Friday evening to deadlock the Softball League title series at two games each.

The championship game has been scheduled for Monday evening at 7:30 o'clock.

Until the seventh frame Friday night it appeared the league would have a new softball playoff champion as the Vets led 4-2 at the end of six frames.

Prazer opened the seventh with a double. After Fair grounded out, Altomose singled Prazer home. R. Kitzmiller walked and G. Kitzmiller singled to push Altomose over with the tying run. G. Kitzmiller was safe on an error as R. Kitzmiller scooted over with the lead run.

Game Becomes Rout

The game then became a complete rout. Toddes walked after which Kennell singled out. A hit baseman, two more mistakes, a single and Sois are attending at national key produced the remaining runs.

The Vets tabbed a run in the first inning when Staub singled Pazenbaker across. Another run in the second resulted on a single by Kehl, wild pitch, and single by Hoak.

After the Garagemen picked up a run in the third on a walk to Toddes, sacrifice, and hits by G. Hankey and Prazer, the Vets came back with a pair in their half. Little walked and Pazenbaker was saved on an error.

Little talked on a wild pitch and Pazenbaker scored later on Buckley's fly to the outfield.

Singles by G. Kitzmiller and Toddes and an error gave the winners a tally in the fourth.

YOUNG ROOKIE IS SHOOTING TO TOP KINER MARK

By JOE BRADIS

PITTSBURGH P—Big Frank Thomas, 24-year-old rookie center-fielder for the last-place Pittsburgh Pirates, hopes to make Steel City fans forget all about home run king Ralph Kiner in a few years.

For that matter, the Slavush-Lukhmanian is on the verge of doing just that if you take rookie year figures into consideration. Kiner belted 23 round-trippers in his first year. Thomas in 191 games has hit 19 in his rookie year. He's got 27 contests to equal or pass Kiner's first season output.

"Lot of guys say I strike out a lot," commented Thomas, Zent going for that home run ball yesterday bound to do that. Anyway, I think I've improved in the last few weeks.

Praiser George Sisler

"Any you can credit George Sisler, chief Praiser scout for helping me. He told me to keep far away from the plate and watch the ball. I had a tendency to twist my head but I think I've got that corrected—thanks to Sisler."

Thomas threatened to quit baseball this season and work in the steel mills if General Manager Branch Rickey's sharpened knife cut too deep into his salary. They nagged, hollered and hummed several times. Guess who won? Rickey's of course.

"Anytime you talk salary to Mr. Rickey," remarked Thomas, "you better be prepared with several dictionaries and a host of figures. That guy can really talk. He out-talked me."

Salary Is Small

"Maybe I'm getting the same salary in the majors as I did playing minor league ball but I think it's worth it—at least for my first full season in the majors. If I do well—maybe Mr. Rickey will be more generous next year. At least, I hope so. You can't live on a minor league salary playing big league baseball."

Thomas has driven in 70 runs and sports a .245 batting average. He's hit homers in every park except Milwaukee. The Pirates play two more games there before the season ends.

Caddies Playing For Scholarship Today

COLUMBUS, Ohio P—Frank Malara of Wayne Plains, N. Y., and Jerry Putnam of Tulsa, Okla., play today for the 1953 PGA National Caddie Championship, with a \$1,500 college scholarship going to the victor and a \$1,000 scholarship to the loser.

Malara, co-medalist defeated Dave Smith of Manhattan, Kans., 5 and 3 yesterday. Putnam overcame John Chalmers of Harrisburg, Pa., one up in 39 holes.

Chalmers and Smith play off today for third and fourth places—\$750 and \$500 scholarships.

2 UNBEATEN TEAMS CLASH

JOHNSTOWN, Pa. P—Buffalo, N. Y., and Washington, D. C., both boasting 3-0 records, clash tonight in the feature quarter final game of the All-American Amateur Baseball Assn. Limited Division Tournament.

They are the only undefeated teams in the 9th annual event after three days of play. Sixteen squads entered the tournament. Six are left. Two losses eliminate a team. Other pairings tonight (records in parentheses):

New Orleans (3-1) vs. Maryland State (3-1) and Johnstown (2-1) vs. Pittsburgh (2-1).

Three teams were knocked out of the tourney yesterday—Springfield, Mass.; Central Jersey; and Pinesfield, Mass., the defending champion. Maryland State defeated Springfield 6-6. New Orleans edged Central Jersey 4-3, and Maryland State beat Pinesfield, 6-5.

Buffalo whipped Johnstown, 13-4 and Washington downed Pittsburgh 2-0, in other games.

Play For Connie Mack Trophy Today

READING, Pa. P—West Deer Post, Curtisville, Pa., meets DuPont today for the Connie Mack Trophy, awarded to the winner of the 26th annual Pennsylvania American Legion Junior Championship Tournament at Municipal Stadium here.

DuPont is undefeated in the double elimination tournament. Once-beaten West Deer Post gained its final berth with a 2-0 victory over Swarthmore last night.

Should West Deer win this afternoon, the two teams will meet tonight to decide the championship.

CANADIAN NINE SEEKING LITTLE LEAGUE TITLE

WILLIAMSPORT, Pa. P—American dominance of the Little World Series title was threatened today as youngsters from six states and Canada oiled their clobes in preparation for the sixth annual tourney here.

At least one Canadian team of 8 to 10-year-olds is paired for Tuesday playoffs, starting next Tuesday. They are from Vancouver, B. C. Another north-of-the-border name from Montreal faces Schenectady tonight for the Region 1 title at Rockville Center, Long Island.

If Montreal makes the grade, it will be the only team in this year's competition repeating. The Canadians played in the tourney last year.

The winner of the Montreal-Schenectady duel will meet North Newton, Mass. (Region 2) in the first game of the series at 2 p. m. EST, next Tuesday.

Camp Hill vs. Little Rock

Following that game, Camp Hill (Region 3), the Pennsylvania champion, meets Little Rock, Ark., which toppled Lufkin, Tex., to win the Region 7 crown.

In games Wednesday, Front Royal, Va., (Region 4) meets Vancouver (Region 8) and Birmingham, Ala., (Region 5) takes on Joliet, Ill. (Region 6). The series finale is set for Aug. 23 at 3:30 p.m. (EST).

Whoever wins the crown this year—Canadian or American—they will snap the two-game streak held by Connecticut teams in the tourney. Last year's champion Norwalk was eliminated by North Newton in 1951 Stamford held the crown.

Michigan State pitcher Chuck Gorman was a member of state championship baseball and golf teams while in high school in Lansing.

STATE FARMERS VOTE FOR WHEAT QUOTAS IN 1954

HARRISBURG (AP)—Pennsylvania wheat growers joined farmers over the nation yesterday in approving rigid federal marketing quotas on the 1954 wheat crop.

The unofficial, almost complete state tabulation showed slightly less than a 2 to 1 ratio in favor of controls—about 64 per cent of the ballots cast. The percentage was some 15 per cent less than the national margin which easily topped the 66 2-3 per cent yes vote necessary on the national level to put the quotas into effect.

State totals with single districts in Berks and Jefferson Counties missing among the 65 counties with eligible voters were:

For quotas—2,074.
Against quotas—1,132.
Challenged votes—289.

18,500 Eligible
An estimated 18,500 Pennsylvanians who will plant 15 or more acres of wheat this fall were eligible to take part in the referendum to decide whether the country should have marketing controls for the first time in 11 years. The Keystone state turnout was about 17 per cent.

National experts had expected Pennsylvania to be among the large eastern states recording a strong "no" vote. Pennsylvania ranks 18th in wheat production and this year's crop has been estimated at 20 1/2 million bushels.

In the 1952 referendum controls were favored by 53 per cent of the Pennsylvanians voting while the national result was 82.4 per cent.

WASHINGTON (AP)—The army has identified 134 more officer and enlisted men reported by the Communists to have died in captivity.

The third installment of names, which will eventually make a list totaling 1,022, was issued with the repeated caution that the Reds are the sole source of information about the men.

All will continue to be listed by the Defense Department as missing in action until all means of determining their actual fate have been exhausted.

Release of today's list, all army personnel, leaves the names of 644 Americans still to be made public from lists furnished by the Additional identifications will be made as soon as the next-of-kin have been notified.

The Pennsylvanians on today's list:

ever, at ages 20 to 29, during which period often six and a half time as many men as women meet with fatal mishaps. In that age group, automobile fatalities to men are usually the most serious single cause of accidental death and frequently are seven times as great for men as for women.

In the latest year for which a complete record is available (1949) the number of fatal falls exceeded the number of motor vehicle accidents in Pennsylvania and provided the principal cause of accidental death. In that year, deaths by accidental falls were 26 times more frequent than by aircraft accidents, and 18 times more serious than accidents caused by firearms. Falls were the only types of accidents in which women exceed men in the number of their fatalities.

Since the summer months are usually the season when the likelihood of outdoor accidents is at its peak, it is well to recall that, in reports of the Public Health Service covering the United States as a whole, it is shown that accidental deaths are frequently more than 90,000 a year; that more than one-third of such deaths are caused by motor vehicles and that nearly 27 per cent of all motor vehicle accidents result in the death of a pedestrian.

Some of the most feared causes of accidental death, the record shows, are among the least frequent. In the last year for which complete records are available, only 47 people in the United States were killed by the bites of venomous snakes, scorpions or poisonous insects. Lightning caused five times as many deaths as snake or insect bites, while drowning resulted in more than 20 times as many fatalities as the much more dreaded bolt from the sky.

This review of statistics covering accidents, highlights the importance of the action of the General Assembly in its 1951 Session in creating the Pennsylvania Public Safety Commission.

in the Gettysburg, and Somerset areas by an estimated \$131,500 a year.

One change in the rate structure requires the company to establish a \$2 monthly minimum charge for customers who use gas for heating homes or buildings. That is 75 cents more than the minimum for other gas users. The company said the difference was "to reflect additional cost."

Manufacturers was given until Aug. 31 to file its new rate schedule.

VERSATILE ATHLETES

DURHAM, N. C. (AP)—Nine members of Duke University's varsity and freshman baseball squads were also on the football team during the past season. The varsity boys were Billy Lea, Dave Lerps, W. D. Fesperman and Don Snowberger. The frosh had Gordon Coleman, Harry Conner, Gene Riggle, Dale Boyd and Bill Boehle.

East Lansing, Mich. (AP)—The city of Buffalo, N. Y., has been a great source of athletic material for Michigan State. John Walter of that city was captain of this year's MSC track team. Next year's Spartan baseball squad will be captained by Jack Zeiler and the track team will be led by John Corbelli. Both are also from Buffalo.

South Koreans Stone Taunting Red POWs Marching To Freedom

By WILLIAM C. BARNARD
PANMUNJON (AP)—The U. N. Command said today that South Korean civilians stoned taunting Communist war prisoners moving north for repatriation yesterday, injuring 314 Reds and nine American guards.

The outbreak of violence near Inchon brought no immediate echoes at this dusty village where 400 more Allied prisoners were freed from Communist prison camps today.

Fifty Americans, all of them apparently hale and hearty, were among the group freed on this, the 11th day of the great prisoner exchange.

Nine others prisoners liberated earlier—eight of them seriously ill or disabled—were due at Travis Air Force Base near San Francisco today after a flight across the Pacific.

Second Ship Leaves Sunday

The second troopship to leave for the United States with liberated Americans was to sail from Inchon Harbor Sunday morning. Aboard the transport Gen. Hase are 437 American repatriates and other troops en route home on regular rotation. The trip is expected to take about 10 days.

NORTHEASTERN PA. PUSHES FOR AF JET DEPOT

LAKE HARMONY, Pa. (AP)—The Northeast Pennsylvania Industrial Development Commission is pushing its efforts to have a proposed 73 million dollar air force jet maintenance depot located in the anthracite region, hard hit by unemployment.

A 12-man committee was formed at Split Rock Lodge here yesterday to look over possible sites for the huge project in preparation for an expected visit to northeastern Pennsylvania by Air Force officials later this month.

The region's three Republican congressmen, Ivor Fenton, Edward Bonin, and Joseph Carrigg, pledged their support to bring the installation to the area. The depot is expected to employ 8,000 civilian workers and 5,000 utility personnel.

Previously For Lancaster

The giant installation was previously assigned to Lancaster County, Pa., and Hammonton, N. J., but local opposition and water disputes forced postponement of the choice of sites.

The commission's site committee will be headed by E. B. Ace, Pennsylvania Power and Light official from Allentown. Serving with him will be Joseph Zerby, Pottsville; Maj. Lee White, Scranton; Jacob Wachman, Stroudsburg; James McLaine, Avoca; E. V. McCullion, Lansford; Thomas Stainback, Hazleton; Joseph Rice, Tobyhanna; Bernard Blier, Scranton; Vincent O'Hara, Pittston; Nicholas Haydock, Wilkes-Barre and Herbert Morris, executive vice president of the Wilkes-Barre Chamber of Commerce.

WAYNESBORO WOMEN WIN

The Waynesboro Country Club women golfers were victorious over the golfers of the Gettysburg Country Club, 15-0, in a match on the Waynesboro links Thursday.

Marian Bream of Gettysburg, with an 89, was medalist of the visiting team, with Beverly Saber, Waynesboro, with a 79, had the low score for the home golfers.

Four foursomes and a twosome participated in the match. They were: Marian Bream and Thelma Bender of Gettysburg against Beverly Saber and Nancy Hess of Waynesboro; Dorothy Bryson and Margaret Oyler of Gettysburg against Jane Ruth and Helen Hoffman of Waynesboro; Betty Gifford and Shirley Herr of Gettysburg against Jo Schaeffer and Kathleen Smith of Waynesboro; Peggy Cline and Peggy Sheely of Gettysburg against Mary Adams and Emmy Nicodemus of Waynesboro; Betty Kenworthy of Gettysburg against Lou Aubrey of Waynesboro.

Seven other women golfers from Gettysburg accompanied the nine mentioned and played during the day.

Luncheon was served the golfers, and an informal party followed the match, with Mrs. Watson Craig and Mrs. A. J. Saber acting as hostesses.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Robert Gilbert, Biglerville R. 1, announce the birth of a son this morning at the Warner Hospital.

Mr. and Mrs. Earl Fleming, New Oxford R. 1, are the parents of a son born Thursday at the Hanover Hospital.

SELL PROPERTY

Prof. Charles I. and Erma K. Raffensperger of Gettysburg have sold their home on Steinwehr Ave. to Prof. Conway S. Williams of the Gettysburg College faculty and Helen Williams, Confederate Ave. Possession was given today. The sale was made through John C. Bream and Son.

South Koreans Stone Taunting Red POWs Marching To Freedom

The U. N. Command said some 3,600 Red prisoners, flaunting banners and chanting Communist songs, hurled boots and metal canisters at South Korean bystanders as they were being trucked to a rail station from Inchon Harbor.

The South Koreans responded with rocks. Saturday's liberated Americans added to the stories of horrors in Red POW stockades. And Communist Peiping radio continued the war of words over the withholding of some prisoners.

Reds Protest Again
Peiping said the Reds had protested to the armistice repatriation commission against what it called "the forcible retention of a number" of Communist prisoners due for repatriation.

The U. N. Command Friday told the Reds to say definitely whether they plan to withhold any Allied prisoners. The U. N. has made no mention of a Communist protest.

Saturday's group of 50 Americans was the smallest returned so far by the Reds. Fifty British and 300 South Koreans also were repatriated Saturday.

Sunday's group the Reds said, will include 75 Americans, 75 British, and 262 South Koreans.

conference be held with the owners of the Fairfield Shoe Company. Council heard again Friday evening that the rebuilding of the shoe factory may depend upon the prompt installation of a town water system. Council now may seek assurance that if the town installs a water system, the factory will be there to become its biggest consumer.

Plan Huge Storage Tank

Council was told that plans call for the erection of a huge water storage tank at the quarry, 30 feet in diameter and 114 feet high to hold 75,000 gallons and to build pressure in the water mains. The capacity of the quarry itself was listed at 6,500,000 gallons.

Members of council said that the level of the water in the quarry is practically unchanging and efforts to pump it dry had never had any effect on the waterlevel.

The uncertainty of the cost of drilling a well and the type of water that might be secured were listed as reasons for relying upon the quarry supply.

The meeting was held in the Fairfield bank building with President Harper Hiner presiding. Members of the authority, Attorney Charles W. Wolf and Burgess Robert Kleppinger attended.

COUPLE LICENSED

A marriage license has been issued at the Court House to Cameron Edward Barbour, son of Mr. and Mrs. Sterling Edward Barbour, Aspers R. 1, and Lorraine Marie Tuckey, daughter of Mr. and Mrs. Emory C. Tuckey, Biglerville R. D.

Summer Recreation Season At Littlestown Ends Friday

The summer recreation program closed for this season in Littlestown on Friday afternoon. A party was held for the children with approximately 125 in attendance. Refreshments, including buns contributed by the Capital Bakery, lollipops given by Robert Stover of York, and orange aide, were served.

The program has been conducted during the past two months with week day morning and afternoon sessions. Special events took place throughout the season. The playground supervisors were Mrs. Kay C. Sentz and Clayton L. Evans.

VFW Auxiliary Meets

Fifteen members attended the August meeting of the Ladies' Auxiliary to the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, held on Thursday evening at the post home, West King St. The president, Mrs. Ruth Dooley presided. Correspondence was read and the secretary's report given by Mrs. Helen Garner. It was announced that on Tuesday, September 1 a field day will be held at the Coatesville Hospital. Members are planning to attend and they should be at the hospital by 1:15 p.m. The guest package was contributed by Mrs. Emily Hahn and received by Mrs. Annabelle Ohler. Mrs. Hahn, Mrs. Ohler and Mary Reigle were appointed to serve as a hostess committee for the meetings for the next three months.

The Auxiliary decided to sell Christmas candy and Christmas cards. The committee in charge of this project includes Mrs. Mildred Weaver, chairman, Rebecca Weaver, Helen Garner, Mary Winthrope, Anna Harner, Ethel Bridinger and Margaret Baker. A report on the recent VFW convention in Milwaukee, Wis., was given by Mrs. Dooley. Madalyn Bloom attended the convention along with the president. It was announced that the next quarterly district meeting will be held Sunday, Sept. 20 in New Freedom. Mrs. Marie Dutterer reported for the trustees on the book auditing. The treasurer report was heard from Mrs. Mildred Weaver. The next meeting of the Auxiliary will be held Thursday, September 10. At the conclusion of the business refreshments were served by the August hostesses, Mrs. Treva Snyder, Mrs. Geneva Harner and Mrs. Ethel Bridinger.

James Barnes will be the junior leader at the meeting of the Junior Fellowship of the Centenary Methodist Church on Monday evening at 7 o'clock at the church.

Girl Scouts Home

Members of Girl Scout Troop No. 39 have returned from a week's camping trip at Caledonia. Activities during the week included a hike on the Appalachian Trail, a nature hike in the State park, swimming every day and cook-outs over an open fire. The Scouts slept in pup tents.

Pioneer badges were awarded to the following girls in the camping: Roberta Rose, Mary Ann and Gloria Burgoon, Gerri Roberts, Mary Ritter, Judy Ruggles, Jane Barton, Hazel and Jean Krout, Carolyn Brown, Coleen Angstead, Carolyn Harrison, Wanda Pettyjohn, Connie Boyd, Susan Blocher, Donna Reaver and Peggy Miller. Mrs. John E. Stambaugh, troop leader, was in charge of the camp and she was assisted at intervals during the week by Mrs. J. Harvey Pettyjohn, Mrs. William Wilt, Mrs. Carroll E. Arter, Mrs. Catherine Mayers, Miss Shirley Stonestier and Miss Marybel Marshman.

The Alpha Fire Company held a public party on Friday evening in the engine house. The special carnival awards were made and the prizes were received by the following: Melvin Becker, Dumont St., York, television set; Harold Storm, Littlestown D. 1, ironer; John A. Blair, West King St., Littlestown, washer; Ned Buohl, Gettysburg, breakfast set; Paul E. Myers, Gettysburg R. D., mixer.

Plan Shrimp Feed

Plans were made for the Ocker-Snyder Post No. 321, American Legion to hold a shrimp feed, at the semi-monthly meeting of the Legion on Thursday evening. The shrimp feed and special entertainment will take place Friday evening, September 4, at the Legion Home, East King St. The house committee, Vernon Study, chairman, will be in charge of arrangements. Routine business was conducted in charge of the commander, J. Donald Lemmon. The adjutant, Gilbert A. Royston, gave his report. The next meeting will be held Thursday, August 27, 8 p.m.

Members of the local POS of A Lodge are urged to attend a meeting in the lodge rooms, East King St., on Tuesday evening at 8 o'clock. Refreshments will be served following the business session.

Approximately 50 were in attendance at the picnic held by the officers and teachers of the Children's Department of Redeemer's Reformed Church Sunday School for their families on Wednesday evening at Meadow View Park, Union Mills. A picnic style supper was served. Swimming was enjoyed. The committee on arrangements included Mrs. John D. Basehoar, Mrs. Theron J. Basehoar and Mrs. Paul Luckenbaugh.

SAYS 8 YANKS SENTENCED ON "TRUMPED UP" COUNTS BY REDS

INCHON, Korea (AP)—A liberated American prisoner said today Chinese Communist officials at Prison Camp 1 sentenced eight Americans to prison terms of up to three years on the last day of the war "on trumped up charges."

Sgt. Harry Borie, 23, of Philadelphia, a lean American medic who spent 28 months in Red prison camps, said in an interview that the jail sentences came just after some GI's had beaten up fellow American prisoners who co-operated with the Communists.

Three men sentenced to jail terms were accused of beating up one of the "progressives," Borie said. The others were accused of other crimes. The eight Americans confessed to the charges after being tortured, he said.

Must Serve Sentences

The Reds made it clear the men would have to serve their sentences despite the fact an Armistice had been signed, Borie added. Other American prisoners returning from other camps have told of several other Americans who were imprisoned for crimes they did not commit.

"We felt like we were floating on clouds as soon as we crossed the line coming down here."

Borie was due to board the troop ship W. F. Hase Saturday afternoon for the trip home.

He was captured April 23, 1951, in the Red's spring offensive while serving as a medic with the U. S. 8th Regimental combat team.

tales of devastation and horror continued to pour in.

At least 40 warships from Greece the United States, Britain and Israel standing off the three stricken islands sent a steady stream of men and relief supplies ashore. Many other smaller vessels, mostly Greek, removed hundreds of victims.

Believe 1,000 Dead

The islands of Ithaca, Kefallinia and Zakynthos were ripped by a series of shocks starting last Sunday. The quakes completely destroyed the three largest cities on the islands, partially wrecked many villages, tore up roads and left thousands homeless.

There still was no accurate count of the dead and injured, but almost all officials agreed the death toll will reach 1,000 and may be even higher. Many thousands of the islands' 120,000 residents have been injured.

Local Girl Is Stewardess

Miss Sara Catherine Larson, daughter of Mr. and Mrs. Eric Larson, Buford Ave., was recently awarded the silver wings of an American Airlines stewardess. She attended Gettysburg High School and was later graduated from the Vail Deane School for Girls, Elizabeth, N. J., and from Centenary Junior College, Hackettstown, N. J., in 1952.

After completing four and one-half weeks of intensive training at the airline's stewardess training school in Chicago, Miss Larson was graduated at ceremonies held in that city. She left Gettysburg early in May and is presently flying between North Worth and Mexico City.

The new stewardess, who is five feet three and a half inches, has brown hair and brown eyes. Her favorite hobbies, besides flying, are golf, swimming, cooking, bridge and sewing.

Mrs. Edna Shriver Honored For 28 Years As Telephone Operator At Littlestown

Mrs. Edna Shriver, East King St., operator for the United Telephone Company, who will retire effective September 1, was honored by fellow telephone workers at a dinner party on Thursday evening at Schottie's Hotel.

B. M. Free, district manager for the United Telephone Company, reported that Mrs. Shriver, who has a record of 28 years of continuous service as a Littlestown telephone operator, is retiring under United's plan for employees' pension. Mrs. Shriver was commended by L. R. Thurston, United president, on her "outstanding record of loyal and effective service to the community and the company" during her telephone career.

Mrs. Shriver commented on her years of service telling that she has been most impressed by the growth of the telephone system during the last few years. She said: "We gain more telephones in a month these days than we used to in a whole year." The local exchange presently serves 1,900 telephones.

In honoring the veteran telephone operator, Mrs. Shriver was presented with a wrist watch, an orchid corsage and she received many other gifts.

Those who attended the affair were: H. R. Thurston, president; B. M. Wittmer, head of the com-

mercial office; James Farley, head of the traffic division; J. H. Federhoff, head of the cable department; Janice Francis and Mary Hockman, traveling chief operators; Henry Roshier and R. H. Stover, Harrisburg; B. F. Free, district manager, Hanover; Iver Clark and Donald Scott, Carlisle; Mr. and Mrs. Robert Shriver, Lancaster; Teresa Poist, Jean Overbaugh, Shirley Beard, Harold Leister, Robert Becker, Phyllis Wolford, S. Mission Society Meets

Fifteen members were in attendance at the monthly meeting of the Alta Hummer Missionary Society of St. John's Lutheran Church on Thursday evening at the home of Mrs. William J. Lippy, Littlestown, R. 1. The Scripture was read and prayer offered by Mrs. Lippy. A song service was held. The lesson for discussion "What's New On Your Reading List?" was introduced by Mrs. Lippy, leader for the evening. Articles on the lesson were read by several of the members. A magazine quiz followed and the missionary benediction was repeated in unison.

Mrs. George Trump, vice president, conducted the business period. Mrs. Albert Starnes, secretary, gave her report. It was announced that the quarterly collection of the thank offering will take place at the September meeting. Mrs. Kenneth Miller was appointed to be the leader for the next meeting, Thursday, Sept. 10 at the church. Mrs. Miller and Mrs. William C. Karns will serve as hostesses. A social hour followed the business session and refreshments were served by

Services will be resumed at St. Mary's Lutheran Church, Silver Springs, Md., by Mrs. Paul E. King Run, Sunday. The pastor, the Rev. Dr. Frederick R. Seibel has returned from a month's vacation. Sunday School will be at 9:30 a.m. and worship at 10:40 a.m.

Home From Colorado

Mrs. Burnell Arter, Patrick St., has returned home from a four week's vacation trip to California. Most of the time was spent with her brother-in-law and sister, Mr. and Mrs. Irvin Bortner, Monrovia. She also visited Mr. and Mrs. William W. Thomas and family, former residents of the community who moved to California. The trip was made by plane.

Mr. and Mrs. Robert L. Scholl and son, Gary, Aberdeen, Md., are visiting this weekend with his parents, Mr. and Mrs. Harry D. Scholl, South Queen St. and her parents, Mr. and Mrs. Theron W. Spangler, Patrick St.

Mr. and Mrs. Lewis Lippy and daughter, Louella, near town, recently returned home from a 3,800 mile trip to Denver, Colo., where they visited Mr. and Mrs. Daniel Wisotzky and Mr. and Mrs. Roy C. James R. Lippy, son of Mr. and Mrs. Winfield A. Lippy, Patrick Worley, former residents of town. St., is spending a 30 day furlough at his home after serving for about a year with the U. S. Air Force in Korea. At the conclusion of his leave, Col. Lippy will be stationed in Texas.

Nation's Wheat Farmers Accept Rigid Controls

By OVID A. MARTIN

WASHINGTON (AP)—The nation's farmers have accepted rigid controls on next year's wheat crop in return for continued high government price supports. In doing so they eased pressure on farm-belt Republican members of Congress facing campaigns for re-election in 1954.

Incomplete but conclusive returns showed growers gave a top-heavy vote in yesterday's referendum, 338,751 to 51,487, for mar-

keting quotas on the 1954 wheat crop. The restrictions will cut production and sales about 20 per cent from this year's 10 per cent above normal crop.

Wanted By 86.7 Pct.
The returns showed a favorable vote of 86.7 per cent—far above the 66.2 per cent required and the biggest proportion ever piled up in a wheat quota referendum. The main issue in the nationwide balloting was next year's wheat prices. The difference in price resulting from approval or rejection of quotas could have been close to \$1 a bushel, or perhaps one billion dollars on the whole crop.

Farm law requires the government to support crop prices at 90 per cent of parity—about \$2.20 a bushel in the case of wheat—if farmers approve quotas in times of surplus, and at only 50 per cent of parity—about \$1.22 for wheat—if they reject controls. This year's support rate is \$2.21.

Had Forecast Defeat
Parity is a price legally declared to be fair to farmers in relation to what they must buy.

Inasmuch as market prices usually reflect support levels, rejected quotas could have meant a sharp drop in farm income in major wheat producing states at a time when many farm area Republican congressmen were seeking re-election next year.

In this connection, the quota approval was expected to bring further recovery in wheat prices in speculative markets. Quotations had dipped sharply late last week and early this week on private forecasts of a quota defeat. But prices advanced somewhat yesterday as farmers voted.

The bride, who attended Mary Washington College, Fredericksburg, Va., was graduated from the Salisbury Teachers College, Salisbury, Md. She is a member of the Somerset School faculty. The groom, who was graduated from Gettysburg College, served four and one half years in the armed services and is presently associated with the Underwood Corporation, Washington, D. C.

Two British Trains Crash On Viaduct

MANCHESTER, England (AP)—Two British trains crunched into each other atop a viaduct 80 feet over the River Irk today, killing 10 passengers and injuring 50 others.

One coach somersaulted into the river bed, landing upside down after ripping a 30-foot gap in the viaduct wall.

REG. U.S. PAT. OFF.
by FREDERICK C. RUSSELL
Member S.A.E.

It is no slip of the typewriter when the observer of the motor scene wrote packing when he might have said parking.

Between The Lines

One of the happy things about car tests and checks is that they help you to some safety ideas as well. I was thinking of this when a friend was pumping on the brake pedal to show me that the pump was spongy, indicating leakage of air in the system. We were driving the car at the time, and as he pumped he noticed that temporarily pressure built up so that he was able to get quite a lively stop. It was his roundabout way of learning that in an emergency faulty hydraulic brakes often can be made to save an accident. However, it is nothing to view as a license to overlook brake care. The time taken to pump several times on the brake pedal may be the difference between avoiding something and hitting it.

More Than A Nuisance

That squealing fan belt is more than a nuisance. Its noise may be something of a swan song for efficiency of the cooling system. Not always, but in many cases the noise is accompanied by slipping. This slows down the fan and the water pump, and you know the rest. Contributing to the trouble is the temptation to put soap or grease on the belt to check the noise. This just invites more slippage. The answer here is to use belt dressings or sprayed on solutions that will not injure the belt. It's a two-way game.

Shims For This One

Ever hear a cracking noise up front in the car? Have you suspected a shock absorber only to find that you guessed wrong? If so, perhaps the trouble is due to one of the coil springs. The remedy is to shim the ends so that they can't set up noise. Sometimes lubricating the coil seat will check noise. To do this properly, however, car weight has to be lifted off the coils, otherwise the lubricant can't get to where it will help.

Mechanic Joe Speaking:

"I have no patience these days with people who feel that they have made ample preparations for a trip by car if they stop off at the filling station to check the oil. Parts which ordinarily should last the life of the car are being ruined through sheer neglect. "If I were to list ten things that ought to have special attention before starting out by car I would have a hard time boiling down the various items that should be checked, but if you insist here are the timely ten:

"Check the cover of the oil filter and its lines for evidence of looseness or leakage. See that the fan belt is tight. Check the battery not merely for solution level but for condition of the posts, connectors, and ground strap. Check the brakes. Make sure the front wheel bearings have been greased. Check ignition timing. Inspect the tires for sidewall breaks and check pressures cold. Clean the air and fuel filters. Check the clutch pedal for free play. Check all lights."

Checks Noisy Brakes

That vibration which can be so troublesome when applying the brakes isn't always due to thin drums or lack of careful adjustment. Sometimes it seems from the corner pins which hold the brake shoes. A remedy that often works is to insert felt or spring steel washers between the ends of the shoes and the anchor plate. Then the corners are replaced.

One For The Book

No one should ever be surprised if car trouble proves elusive to the best of diagnosticians. I am reminded of a friend of mine who was troubled with a persistent scraping noise in the front end of his car whenever striking a hole in the road. When the car was put on lift the mechanic immediately pointed to a very badly worn shock absorber eye. A new shock absorber was installed and by all rules this should have ended the trouble. But the noise continued unabated. Back at the shop they went over the picture again and discovered that one of the coil springs was broken.

The optimistic views such cases as a way to up trouble in the end. That shock absorber was on the way out and was only easily been teamed with the broken spring to cause real trouble.

They're Not The Same

Close use of the term "short circuit" when conditions clearly indicate an "open circuit" is something which ought to be discouraged because it results in head aches in diagnosis. An "open circuit" is one that isn't complete. A headlight will go out with an open circuit just as it will if there is a short, but a short is a more dangerous situation. Also the "short" will be evidenced by fast blowing or action of the circuit breaker. Open circuits can be evidenced by fuse blowing or action of the circuit breaker. Open circuits can be checked with a testing light, and the break in the wiring thus isolated.

Keep Them In Mind

The rear ties should be carried at higher pressure on a trip not only because of the increased passenger and luggage load but also to help correct the adverse effect

on steering due to the tendency toward rear end sag.

Some slack in the brake pedal is necessary so that the compensation port in the master cylinder will operate properly. This slack often is mistaken by some drivers as evidence of a spongy pedal.

When the engine tends to cut out as the car rounds a gentle curve at road speed the indications are that there isn't sufficient clearance between the carburetor float and the bowl. The float binds, thus disturbing the float level and the supply of gasoline available for the fueling of the float level and the supply of gasoline available for the jets.

Out Of The Past

It has been said that some of the old timers forgot more than many of us today will ever know about cars, and I've just uncovered a little evidence to support the idea. Glancing through an old instruction book I read as follows:

"The contact points will require little attention or refilling even though they may be rough and irregular." What this emphasizes is the fact that "bells and whistles" on points actually increase the area of contact, but only so long as the points are not disturbed. If they are tampered with then hills will strike hills and there will be trouble. When attention to the points is required, as when they become burned or worn, the best rule is to replace them.

In The Motor Mail

Q. What would cause my car to be difficult to start after it stands for a day or so? J. J. L.

A. Fuel leaks from the carburetor bowl. However, if the fuel pump is up to par the bowl should quickly refill. Check the filter bowl, which may be loose, allowing air to enter.

Q. I am another of the many people who have written you about clutch chatter. However, I have tried the usual remedies and nothing seems to help the situation. Wm. B. B.

A. How about loose rear spring saddles?

Q. I have a very persistent squeak in the left front door. I have greased the latch and the striker plate, and the door dovetails as well. T. H. McB.

A. Probably there is a loose hinge pin.

Q. I am troubled with the cooling system losing water and of course with the motor overheating. There doesn't seem to be any particular reason for this. Timing isn't slow. The engine is clean. Brakes do not drag. There is no slippage of the clutch. I have had the mixture checked and the cooling system cleaned out. J. J. G.

A. From other remarks in your letter I assume that you use the car almost entirely in rather spasmodic city traffic. Perhaps you are over-tightening the radiator when the motor is cold. This combined with fast stops causes water to surge forward and go out the overflow pipe.

Q. The front tires on my car are wearing unevenly. Alignment has been checked but nothing shows up. K. L.

A. I do not believe that your checking has gone far enough. You may find, for instance, that the frame is out of line because of some previous collision.

Q. I am annoyed by having the gears jump out of high into neutral when the car is going downhill. Of course I can shift back into gear again but the gears speed meanwhile, and the gears are likely to jump out again. F. G. H.

A. The most likely cause of this is too little tension on the springs (detents) which are located be-

tween the shifter rails. It isn't too much of a job to replace them.

Q. What would cause the windshield wiper blades to slow down when I am climbing a hill or accelerating? They never did this before. On the level ground at a steady speed they seem to do a good job. G. E. M.

A. This indicates that the diaphragm of the vacuum pump part of the fuel pump is leaking. If you don't have this replaced the engine will also consume a lot of oil.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford, 7, Conn. reply. There is no charge.

TEEN TALK

By VIVIAN BROWN

The Associated Press

Are you lonesome and in need of a friend? Well—unfurl your little brow. You may find a loyal subject for your friendship chain in any pet shop.

A little feathered companion, who will sing your troubles away . . . or a spiny little fido with trusting eyes . . . or a small ball of fluff that will purr and purr . . . all waiting for some little mistress to claim them.

Take your choice. But while you are about it, why not consider the cat?

The cat will not lick your boot straps, or respond to the impatient flick of your fingers. It has dignity and understands human conduct.

But the cat will reward your love and care in other ways.

Such a cat was Piggy, the ginger and white delight of our household who was catnapped, foxed or treed in the Connecticut hills a few months ago.

His contented purr was a thunderous roar that belloyed the flame in our fireplace on winter nights. He would lie happily conscious of being observed, and then when ignored, even momentarily for newspaper or book, climb into your lap for reassurance of affection.

Honorable Hubby, Father

He was an honorable husband and father. He wed the cat across the road, then brought a kitten home for us to feed. He adored his smoky-gray son, "Grady," with near human fervor. He washed him from ears to tail-tip every day, pretending to be motherly, too, letting him nestle cozily against

him. His contented purr was a thunderous roar that belloyed the flame in our fireplace on winter nights. He would lie happily conscious of being observed, and then when ignored, even momentarily for newspaper or book, climb into your lap for reassurance of affection.

his warm white undercoat.

He taught Grady how to climb trees — first by running up tiny trees, and then running to but not up big trees, disdaining them in cat language. He taught him to catch moles and to arrange them neatly at the refuse. And when his two-year-old son became too dependent, he enforced cat psychology and became a stern disciplinarian. He was first instead of last to door, dinner plate and our laps, ignoring his sons' pleas for daily ablutions.

Piggy loved to watch birds, and except when a kitten never made a pass at one. He was smart and alert . . . could somersault, walk on his hind legs across the room, sleep in sort of a half-nelson, and sense an unfriendly animal hundreds of yards away. But he would never perform at command.

Liked Quiet Household

Like all felines: He liked a quiet household, was fastidious and would starve rather than eat stale food. He didn't give a hoot about visitors, particularly stupid people who pized him up by his skin — enough to break his neck.

Piggy could fathom mechanical problems in jig time like most cats. He would lean nonchalantly against our door, pretending to stretch, yawning as he casually measured the distance to the knob in just a few more months he might have made it.

Those who fear cats claim fierce loyalty to dogs. But the Chinese believed, and present-day psychiatrists concur, that they have a deep-seated fear of domination, and must be master of their animals. So don't let them discourage you. Dogs and cats can live together happily.

Your animal need not be purebred to earn your love. Piggy was bred to earn your love. Piggy was

TEN YEARS AGO

Bigger Board Elects Three New Teachers: Three teachers were elected by the Biglerville School Board at a special meeting Wednesday evening.

Miss Lena Boyer, a graduate of the school, was elected as a substitute teacher of English and dramatics taking the place of Pvt. George Reisinger, who was inducted into the army in June. Miss Boyer attended Gettysburg College and was graduated from Bluffton College, Bluffton, Ohio.

Arthur M. Gordon, a graduate of Gettysburg High School and College, was elected to teach social subjects, which were taught last year by Miss Isabelle Rauhauser, who resigned her position in order to accept one in the Washington Township High School in Franklin County. Mr. Gordon has for several years been teaching school in Freedom Twp.

The third vacancy, left by the enlistment of Ensign Ellis McCracken, has been filled by the election of Miss Eileen Glennon, of Lock Haven, who will direct the classes in physical education and health. Miss Glennon is a graduate of Lock Haven Teachers College, and has been teaching in the schools of Johnstown.

Miss Spangler to Wed Seminar: At a party held at her home, 22 W. Water St., Mrs. Ida R. Spangler announced the engagement of her daughter, Jeanette R. Spangler to Quentin P. Garman, son of Mr. and Mrs. David Garman, Harrisburg.

Miss Spangler was graduated from Gettysburg High School in 1935 and from Grove City College in 1939. Mr. Garman was graduated from John Harris High School and from Gettysburg College. This fall he will enter his third year at the Lutheran Seminary here. Miss Spangler is at present a member of the Carlisle High School faculty.

Vernon B. Corle To Attend Fire School: Vernon B. Corle, assistant fire chief of the Gettysburg Company, will leave Sunday for a week's training in a firemen's school to be conducted at Lewis town by the state department of public instruction. The course is designed for engineers, operators and auxiliary firemen.

He is being sent to the school by the Adams County Firemen's association, the county council of defense and the Gettysburg Water Co. and upon his return will assist L. V. Stock, Biglerville, in charge of civilian defense instruction and training in the civilian defense corps in the county, in the training of firemen throughout the county.

Woman, 74, Will Cast First Vote In Local Option: Proof that the wet-dry local option vote at East Berlin this fall is drawing more popular interest than any election in that section during the past few years is supplied by clerks of the county election commission.

Among the large number of new voters signed for East Berlin is Mrs. Emma J. Eisenhart, 74, who has registered for the first time in her life in order to vote in the forthcoming election. Mrs. Eisenhart will cast her vote on the question of whether East Berlin will allow the sale of beer and liquor as well as voting for the various candidates.

7 New Drivers Selected By Fire Company: Appointment of delegates and alternates to the county firemen's association convention on Labor day at East Berlin and the naming of seven new drivers and operators for the town's fire apparatus were among the activities at the meeting of the firemen Wednesday evening.

Ten delegates including Paul Oyler, Chief James A. Aumen, Howard Small, Donald Myers, Edward Anzenberger, Raymond Menges, Jacob Small, James Shenk, Raymond Bisbing and Clarence Shindedecker were named to represent the firemen at the county convention.

New drivers and operators named included Glenn Guise, C. William Znea, Raymond Menges, Raymond Spahr, Donald Myers, George D. March and Donald McSherry. The new men completed a six weeks course of training in the handling and operation of the trucks on Tuesday evening.

MEN AT A PARTY

A party is a nice affair,
Designed for pleasant chat;
To meet the friends of friends,
And share.

Their good will after that.
In little groups the selfish men
In business talk combine.
They only join the ladies when
They're told it's time to dine.

The ladies must themselves
amuse,
Discussing foods they cook.
This phrase they also often use:
"My dear, how nice you look!"
The extra waiters come and go
With chips to dip in cheese.
The selfish men say: "Thank you,
no."
The ladies: "If you please."

A pleasant party is to me
A joy by friends supplied.
But oft I wonder must it be
The sexes so divide:
The ladies, fair as Juneteime
blooms,
Left sitting in their chairs;
The men-folk grouped in other
rooms
Discussing world affairs.

Today's Talk

By GEORGE MATTHEW ADAMS

IN NATURE

There is more to be learned from nature than has been recorded in all the books that have been written. Take the birds and animals, for example. They are workers. They spend the greater part of their days in searching for food. They are thrifty and industrious. They have no limited hours in which to work, but in the morning and evening the birds express their happiness in song.

I have been reading a book by John Burroughs on squirrels and other fur-bearing animals. He tells of their antics at play and work, and of their characteristics. I have learned a great deal about the small red squirrel that I never knew before. They are among the most amusing. They are easy to tame, so that they expect you to be their friend, and you are. They are saucy and scolding at times, especially when you don't give them the peanut that they expect.

In late summer they begin to set aside the pine cones for the winter, and you will note the pine pitch all over their noses, blackened from burying food in the ground. I watched one working with a leaf one day and wondered what he was doing, for I knew there was no nourishment in a leaf. I looked at him with my field glasses. He was washing his face! It was his napkins after lunch!

The chipmunk is an amusing little fellow. He will come near and dare you, and then with a smile will dart into his hole. Feed him peanuts and he will hide them in his cheeks until full, as though he had the mumps, then hustle to a safe place for a good meal. I have been watching the beaver near by where I spend my vacation. A wonderful animal and a great woodsman. He will fell a big tree in the most scientific manner. His home is one of apartments. If he is disturbed he will flap his tail upon the water and disappear.

All animals are interesting, and much can be learned from them. Many are much more sensible than we are. They do no complaining. I am sure. They take things as they find them and live their lives out happily if let alone. In nature we see ourselves, often most realistically!

12 STATE MEN DIED IN PRISON CAMPS IN KOREA

By The Associated Press

Eight more Pennsylvanians passed through "Freedom Gate" in Korea today as the Communists released another 84 American prisoners of war.

But on this 10th day of the post-truce prisoner exchange, the happiness that came to the homes of returning prisoners was matched by sorrow in some others as official word was received of the reported death of a loved one in a Communist prison camp.

Twelve Pennsylvanians were on the first list of men identified by the Army as American soldiers reported by the Communists to have died in Red prison camps.

Although the families were told the information they received was based solely on unreliable Communist reports, the long held prayers and hopes grew even dimmer. In Laureldale, near Reading, Mr. and Mrs. Raymond C. Collier were watching television last night hoping to hear of the release of their son, Raymond, a prisoner for 33 months.

Long Vigil Ends
Beside them was their youngest child, 11-year-old Darlene. Then a telegram arrived. For them it was the end of their vigil. It read:

"A name believed to be that of your son, Sgt. Raymond C. Collier appeared on a list of Americans submitted by the Communists who according to their records died while in their custody."

"I give up, now. Ray is gone now and now I know it," Mrs. Collier half-whispered to her husband, through her tears.

Collier, a retired infantry master sergeant with 25 years of service during which he was awarded the Silver Star, refused to give up. "The information is not definite. He might still be alive," he commented.

Words Of Gratitude

Meanwhile, in more fortunate homes there were the now familiar but no less touching words of gratitude to God and promises of family reunions and celebrations as word was received that a long absent son or brother was released.

In Lancaster, Mrs. Mabel G. Dangro heard the good news that her son, Cpl. William H. Dangro, had been repatriated from a newspaper reporter and photographer. In Warren County, Mrs. Leona L. Hunt of Russell, could only cry

gregational meeting at the church Monday evening.

The church has been without a pastor since January 31 when the Rev. Seth C. Morrow, its pastor for nearly five years, became the pastor of the First Presbyterian Church of Pottsville.

The pastor-elect, who was reared at Steubenville, O., is a graduate of Wooster College, O., and of Princeton Theological Seminary with the class of 1939. He took one year of post graduate work at the seminary. He was highly recommended to the local congregation and was selected by the committee from a list of 39 prospects.

Miss Williams Weds August 7: Mr. and Mrs. Forrest Williams, Emmitsburg Rd., announce the marriage of their daughter, Hazel, to True Childs Hayford Jr., son of Mr. and Mrs. T. C. Hayford, Royal Oak, Mich. The ceremony was performed in a Lutheran Church at Royal Oak on August 7.

The bride is a graduate of Gettysburg High School and has been a chief inspector in the Ford River Rouge plant since last November. Mr. Hayford is superintendent of production at the Ford plant. The couple will reside in Detroit.

P.O. Department Abandon Odd Cent

WASHINGTON (AP) — The lowly penny, which doesn't rate much anywhere any more, took still another shellacking today—this time from the Post Office Department.

Postmaster General Summerfield announced the department is dropping the odd cent from its elaborate internal bookkeeping machinery, and that he hopes thereby to save a half million dollars a year.

The newly-adopted system is known as "whole-dollar" bookkeeping, and involves rounding out money figures to the nearest even dollar.

Summerfield said its use by industrial firms had proven that "pennies tend to lose their significance in large operations involving millions of dollars annually."

out "Oh, oh. . ." and then "Thank the Lord!" when told her 25-year-old son, Pfc. James R. Hunt had been released.

"I can't wait to see my boy," was the expression of Mrs. Mary Fleeger at East Brady in Clarion County. Her son, Sgt. Harry R. Fleeger, had been interned since December, 1950.

Almost Abandoned Hope
In Washington County, Mrs. Lillian Sim, mother of Cpl. Norman L. Sim, 24, said she had almost given up hope her boy would be freed.

"Are you sure? Are you positive?" she asked.

Mrs. Gertrude Wheeler of Mason-town cried tears of joy when she learned her son, Sgt. Bernard Wheeler, 23, was among the repatriates.

The mother of eight children, Mrs. Wheeler said she had received only one letter from Bernard since his capture back in November, 1950.

"I had just gone to bed and had been praying that my boy was safe," she said. "I can't express my happiness."

"I hope he will be home in time for his birthday Sept. 15."

Others Receive News

And so it went in the eight homes around the state, at the Dangros, the Hunts, the Fleegers, the Sims, the Wheelers and in the homes of Cpl. John L. Doherty in Philadelphia, Cpl. Arthur P. Miller in Hummelstown and Cpl. George Kubastil in Wilkes-Barre.

The families of the following Pennsylvania servicemen also received word from the Defense Department of the reported deaths of their relatives:

Pfc. Charles A. Dean, Bellefonte; Pfc. John H. Katillus, Pittsburgh; Pvt. Peter Kubic, Laflin; Cpl. Melford H. Lang, Allentown; Pfc. Thomas D. Lottis, Shamokin; Pfc. Milford C. WILL CONTINUE TO GIVE FOOD TO HUNGRY PEOPLE

BERLIN (AP)—West Berlin's government today abandoned plans to halt its food distribution to East Berliners for 11 days and announced the giveaway would continue without pause.

The city senate said the American-sponsored parcels of food would be given out daily to all Soviet zone residents who come for them. Earlier the senate had planned to continue supplying only East zoners from outside Berlin and to hold up distribution to East Berliners beginning Sunday while the program's facilities were re-organized.

Since the venture started July 27, almost 2 1/2 million parcels of food, sugar, canned milk and dried vegetables have been given to East Berliners. The hungry braved tough Communist police controls and countermeasures to smuggle the coveted packages back home.

Deny Protests
The senate denied reports, published in America, that the British and French had objected to continuing the U. S.-financed program because of fear of Russian reprisals. A British spokesman also said he knew nothing of any such objection.

A French official said: "Certainly we've not been too heartily in favor of the entire idea, but we've not protested about it nor do we intend to."

Allied officials said that when the food distribution was undertaken, some British and French authorities had expressed concern that it might boomerang against the East Germans.

But these officials said West German and American authorities convinced their reluctant colleagues that the anger of the East Ger-

White Sox Seem Sure Bet For Second Place; Playing Best Ball In Twenty Years

By BEN PHILGAR
AP Sports Writer

Even if the Chicago White Sox don't catch the New York Yankees, Manager Paul Richards should rate a rousing cheer for his 1953 successes.

Hidden in the hoopla of the pennant struggle is the fact that the current edition of the Sox is playing better ball than any Chicago American League entry since 1920. That was the last time the Sox finished as high as second in the flag chase.

Richards took over a sixth place team at the start of the 1951 season. He finished fourth in his first year and third last season.

Trucks Is 15-6

In beating Detroit 7-0 last night the Sox maintained their five game margin over third place Cleveland. While the Yankees—6½, ahead—appear out of reach, the Chicagoans are a solid bet for second.

Richards, a catcher in his playing days, has received a tremendous boost from two fellows who used to pitch to him and now pitch for him—Billy Pierce and Virgil Trucks.

Trucks came to the White Sox in mid-June from the St. Louis Browns. He's won 10 games and lost two for Richards and has an overall record of 15-6.

Rains Hit Schedule

Pierce won his 16th game last night against Detroit, the most he's ever won in the majors. It was his third straight shutout and ran his string of scoreless innings to 34 2-3.

Rains in the wake of the Atlantic hurricane washed out half of the major league program last night. New York at Philadelphia and Washington at Boston in the American League were postponed. So were Pittsburgh at Brooklyn and Philadelphia at New York in the National.

Cubs Beat Braves

Cleveland outlasted the St. Louis Browns 8-7. The Chicago Cubs battered Milwaukee 11-4 and Cincinnati edged the St. Louis Cardinals 2-1 in 11 innings.

Big Luke Easter blasted a pair of two-run home runs to aid the Indians and Al Rosen hit one.

Home runs ruined Milwaukee in Chicago as the Braves slipped eight games behind the league leading Dodgers. The Cubs hit four into the seats including a pinch hit grand slam by Bill Serena, his first in the majors. Eddie Mathews hit no. 37 for the Braves in the first inning.

Yearling Auction Near New Record

SARATOGA SPRINGS, N. Y. (AP)—A near record was chalked up by the Saratoga thoroughbred yearling sales as the five-night auction closed tonight with 247 head going under the hammer for \$2,062,500.

The figure was exceeded only by last year's sales when 332 were knocked down for \$2,095,500. The average of \$8,384 this year was higher, however. Last year it was \$6,312.

BISONS CALL 38 GRIDDEES

LEWISBURG, Pa.—Thirty-eight candidates for the 1953 Bucknell University varsity eleven will report to Coach Harry L. Lawrence, Tuesday, September 1, to begin daily pre-season practice sessions. Twelve of the candidates are lettermen.

Seven seniors, 17 juniors and 14 sophomores will compose the squad which will play a nine-game schedule, opening September 26, against Buffalo at home.

Minus three of his four offensive starting backs from last season, Lawrence is faced with developing an attack equal to the Myers-Talman offense which carried the Bisons to 19 wins in their last 22 games. He will again employ the Split-T type of offense which, since its adoption in 1949, has accounted for 27 wins and only eight setbacks.

Lawrence looks upon the schedule, including Holy Cross, Colgate and Temple, as one of the most difficult the Herd has faced in recent years.

The schedule: Sept. 26, Buffalo; Oct. 3, Muhlenberg; Oct. 10, Holy Cross at Worcester, Mass.; Oct. 17, Temple, Homecoming; Oct. 24, Lafayette at Easton, Pa.; Oct. 31, Lafayette at Bethlehem, Pa.; Nov. 7, Colgate at Hamilton, N. Y.; Nov. 14, Gettysburg at Gettysburg; Nov. 21, Delaware.

NEWPORT MATCH UP TO SEIXAS

NEWPORT, R. I. (AP)—Unless Wimbledon champion Vic Seixas can do something about it, the most ancient of U. S. tennis tournaments is likely to have its third straight all-Australian final.

As the situation now stands in the Newport Invitational, Ken Rosewall, 18-year-old Australian ace, takes on Tony Trabert of Cincinnati in the first semi-final match today. And Rosewall is the strong favorite.

Seixas already is in the other half of the round of four with Lewis Hoad, another 18-year-old Aussie, his likely opponent. Hoad must first dispose of Hamilton Richardson of Baton Rouge, La., but that doesn't figure to be any problem since he's leading two sets to one in a match halted yesterday by rain.

Rosewall eliminated another Australian threat, Rex Hartwig, 6-2, 5-7, 6-4, 7-5 yesterday. Seixas entered the semis Thursday by beating Mervyn Rose of Australia.

TRY TO PATCH U. S. - BRITISH DIFFERENCES

By A. I. GOLDBERG
UNITED NATIONS, N. Y. (AP)—The 16 nations that fought under the U. N. banner in Korea readied another try today at patching up British-United States differences over the proposed inclusion of India and the Soviet Union in the forthcoming Korean political conference.

Delegates gathered at U. S. mission headquarters for their third private huddle on the issue only a few hours after the British government declared it was not committed to a new of the Korean War if the armistice were broken by any nation on the U. N. side.

The declaration apparently was aimed at South Korean President Syngman Rhee, who told a mammoth rally in Seoul today that "it is our wish and determination to march north at the earliest possible time" to achieve unification of divided Korea.

The British-American rift over the makeup of the political conference followed Britain's nomination of both Russia and India. The London government has maintained that if the world wants a real settlement Russia must be represented and it put forward India as a symbol of non-Communist Asia.

The United States has insisted that only countries which fought for the U. N. have the right to represent the international organization at the parley.

Portugal is the leading cork-producing nation, followed by Spain and French North Africa.

MIDDLECOFF IS TIED FOR LEAD IN GOLF TOURNEY

FORT WAYNE, Ind. (AP)—A trimmed field of par busters, playing the 6,535 yards of gulches and hills at the Elks Country Club course as though it were a miniature layout, chased Cary Middlecoff and Marty Furgol today in the third round of the \$15,000 Fort Wayne Open Golf tournament.

Middlecoff, the Memphis dentist who was runner-up here in 1951, moved from 23rd place in the opening round into a tie for the lead yesterday with a brilliant 62.

Furgol, playing out of Lemont, Ill., added a 68 yesterday to his opening round of 63 to stay in front with Middlecoff at 131. But the veteran Memphis pro, starting with a 69, stole the second round show by putting together nine birdies, one eagle, seven pars and one bogey.

However, even their 13-under-par totals gave Middlecoff and Furgol only a slight edge over the pack. Hot on their heels at 132 were Art Wall Jr., Pocomo Manor, Pa.; Dave Douglas, Newark, Del.; Jimmy Clark, Laguna Beach, Calif., and Frank Stranahan, the Toledo strong boy and only amateur among the leaders.

Fifty-five golfers bettered par yesterday, seven less than mastered the trick in the opening round, as the field was cut to the low 62 pros and 10 amateurs, plus ties. All of the name players made the grade for the final 18-hole rounds today and tomorrow.

PIRATES FIND LITTLE COMFORT IN STANDINGS

NEW YORK (AP)—Firmly settled in last place and mathematically eliminated from the pennant race, Pittsburgh manager Fred Haney is learning how the other half lives.

Haney won two pennants in four years with Hollywood in the Pacific Coast League before Branch Rickey talked him into taking the Pittsburgh job. Now Hollywood is romping along under Bobby Bragan toward another flag and the Pirates are 40 games back of Brooklyn.

"There's nothing to do but battle it out the rest of the way," Haney said after last night's game with Brooklyn was rained out.

Not Sure About '54

"They tell me we're a little better off than the club was last year at this time," he said. "But that wouldn't have to be too good, would it?"

Actually the Pirates are only three games better than they were a year ago. On Aug. 15, 1952 they had a 33-82 record and trailed Brooklyn by 43 games. This morning they were 38-61 and 40 back. Pittsburgh has beaten Brooklyn only once in 13 starts.

How about next year? Will Haney be back?

"I don't know yet," he said. "We haven't talked about it. I signed for only one year when I decided to come east."

George Hott and Bill Willtrout, halfbacks on West Virginia University's 1949 football team, are now baseball teammates at Burlington-Graham, N. C., in the Class B Carolina League.

ALL-STARS GET GRID LESSONS FROM DETROIT

CHICAGO (AP)—It's just as well that most of the College All-Stars move on today to join their respective pro teams now in training. They have a lot to learn.

They found that out last night when the Detroit Lions, one of the most determined pro teams in the series history, gave them a football lesson, 24-10.

The Lions left little doubt in the minds of 93,813 spectators at Soldier Field—biggest crowd since 1948—and uncountable TV-radio fans that they will be hard to stop from repeating for the National Football League crown this fall.

They sheared the All-Stars with the fanciest passing barrage ever seen in the rivalry, gaining a record 339 yards in the air. Bobby Layne, who was not supposed to be feeling up to par, personally contributed 323 yards by hitting on 21 of 31 tosses.

The Lions picked up 134 yards on the ground.

The All-Stars were virtually stymied, by comparison. With the Lions setting up a new defense with each new opposing quarterback, Jack Scarbath of Maryland (who will be with the Washington Redskins), Dale Samuels of Purdue (Chicago Cardinals), and Tommy O'Connell of Illinois (Chicago Bears) combined for a mere 80 passing yards.

They connected on only nine out of 27.

Meanwhile, Gib Dawson of Texas, Buck McPhail of Oklahoma and Don McAuliffe of Michigan State mustered most of the running power from scrimmage that totaled 107 yards.

PURE TO COACH AT WAYNESBORO

HARRY PURE, Philadelphia, one-time Gettysburg College basketball star, has been named as head basketball coach, assistant football coach, and a member of the social studies and health faculties of Waynesboro High School by the Waynesboro-Mont Alto Joint School Board. His salary will be \$3,750.

Pure, 26, who has just completed a tour of duty with the U. S. Army, played with the Gettysburg Merchants in the 1948 Hi-Y tournaments at Waynesboro. The team won the championship. Mr. and Mrs. Pure will move to Waynesboro early in September.

Pure was recommended to the Waynesboro board by Henry T. Bream, director of Athletics at Gettysburg College. He was high scorer on the Gettysburg College squad his freshman year and in 1947 was on the Little Three All-Star Squad, made up of members of the basketball teams of Gettysburg, Dickinson and Franklin and Marshall. He also received All-Star recognition while playing basketball for Gettysburg College.

Hurricane Delays Freed Yanks' Flight

WASHINGTON (AP)—The East Coast hurricane today again delayed temporarily the trip of eight ailing former prisoners of war to hospitals near their homes.

Their four engined military transport plane landed at nearby Andrews Air Force Base early this morning, after being held up at Scott Air Force Base, Ill., because of the East Coast weather.

The men were scheduled for immediate transfer here to other planes taking them to their destinations. But the craft had been evacuated from Andrews because of the storm threat.

Officials said they expected to have the planes on hand within a few hours.

Meanwhile the returning POWs, most of them suffering from tuberculosis, were carried from the transport by stretcher and placed in the base hospital.

Build Tent City For North Koreans

MUNSAN, Korea (AP)—A huge tent city is being built near Panmunjom to house 23,000 North Korean and Chinese prisoners who refused repatriation.

Some 3,000 Army engineers, working around the clock, are erecting 1,100 tents. They will house not only the prisoners but medical and Red Cross units, guard troops, supervisory personnel and Communist officers who will attempt to convince the POWs to return to their homelands.

CAMP HILL IN GAME OF LITTLE LEAGUE SERIES

WILLIAMSPORT, Pa. (AP)—Camp Hill faced Pittsburgh North Boroughs here today in the final game of the Seventh Annual Pennsylvania Little League Tournament.

Biggest threat for the Steel City nine was Matt Szykowny, who hammered a pair of home runs yesterday in his team's semi-final tilt with Lewisburg.

Opposing him was pitcher Vince DiSilvestri who also slammed a home run yesterday in Camp Hill's semi-final game with Bethlehem.

North Boroughs won their final berth by topping Lewisburg, 4-3, in a tight extra inning contest before a crowd estimated at 4,500.

Lewisburg took an early 3-1 lead on a three-run homer by Bob Kifelo. North Boroughs scored once in the first inning on an error, a walk and a single by Cliff Bickerton.

Szykowny knotted the score by blasting the first of his two homers over the scoreboard with one on. After that it was a pitcher's duel between North Boroughs' Glen Abel and Lewisburg's southpaw Johnny Pick.

Gets Longest Hit

In Camp Hill's fight for the final round, DiSilvestri connected for one of the longest hits in the Little League annals, clearing the fence in right center field and within a foot of clearing a dime some 250 feet from home plate with one on.

In addition to DiSilvestri's homer, Chip Lundy, Bruce Brubaker and Jay Dintaman also made roundtrippers.

A combination of an error, walk and Jack Ruyak's single got Bethlehem one of its tallies in the first. The other came in the fourth on a pair of walks, a double steal and a wild pitch by DiSilvestri.

Hunterstown Victory Solves League Playoff Question; Begin Semi-Finals August 23

League Standing

	W.	L.	Pct.
Bonneauville	12	2	.857
Taneytown	10	3	.769
Greenmount	9	5	.643
Brushtown	8	6	.571
Hunterstown	7	7	.500
Bendersville	6	7	.461
Harney	2	11	.154
Emmitsburg	0	13	.000

Friday's Result
Hunterstown 7; Brushtown 6.

Sunday's Games
Harney at Taneytown.
Emmitsburg at Bendersville (tentative).

Hunterstown squeezed through a run in the last inning to defeat Brushtown 7 to 6 at Hunterstown Friday night, and as a result the South Penn Baseball League will be able to start its Shaughnessy playoffs for the championship August 23 without any difficulties.

Friday night's game had its greatest importance in its ability, had Brushtown won, to cause a tie for third place in the league standings. With Hunterstown winning, the holders of the first four places in the league were decided.

As a result Greenmount will be at Bonneauville and Brushtown at Taneytown August 23 for the first games of the semi-final series. The victors in the three-game series will meet in the final three games for the league title.

Takes Early Lead

Brushtown started off Friday evening as if it meant to put the game on ice early, with three runs in the first inning. Hunterstown came back in the second to score five of its runs. Then Brushtown retaliated with three more to make it 6 to 5 in the third.

Hunterstown added a tally in its half of the third to tie the game at 6 to 6. Both teams failed to score in the fourth and in the fifth three hits and an overthrow brought Bill Heyser, the Hunterstown catcher, in with the winning run.

Ben Smith hurled for Brushtown with Leroy Moore catching. Ben Miller started on the mound for Hunterstown and was replaced in the third by Fred Helston. Bill Heyser was the catcher.

Definite plans have been made for Harney and Taneytown to play this Sunday, league officials said. But plans were not immediately completed for the Emmitsburg-Bendersville contest.

TOURNAY IN SECOND DAY
ALLENTOWN, Pa. (AP)—Two state regional champion softball teams meet here today as the State Softball Tournament moves into its second day.

The West Chester Barons, district Nine titlists, meet the Huntington Park All-Stars, District Four champions, in the first of seven games on today's card. The double elimination tournament ends tomorrow.

Riding with Russell

REG. U.S. PAT. OFF.
BY FREDERICK C. RUSSELL
Member S.A.E.

It is no slip of the typewriter when the observer of the motor scene wrote packing when he might have said parking.

Between The Lines

One of the happy things about car tests and checks is that they help you to some safety ideas as well. I was thinking of this when a friend was pumping on the brake pedal to show me that the action was spongy, indicating leakage of air in the system. We were driving the car at the time, and as he pumped he noticed that temporarily pressure built up so that he was able to get quite a lively stop. It was his roundabout way of learning that in an emergency faulty hydraulic brakes often can be made to save an accident. However, it is nothing to view as a license to overlook brake care. The time taken to pump several times on the brake pedal may be the difference between avoiding something and hitting it.

More Than A Nuisance

That squealing fan belt is more than a nuisance. Its noise may be something of a swan song for efficiency of the cooling system. Not always, but in many cases the noise is accompanied by slippage. This slows down the fan and the water pump, and you know the rest. Contributing to the trouble is the temptation to put soap or grease on the belt to check the noise. This just invites more slippage. The answer here is to use belt dressings or sprayed on solutions that will not injure the belt. It's a two-way gain.

Shims For This One

Ever hear a cracking noise up front in the car? Have you suspected a shock absorber only to find that you guessed wrong?

If so, perhaps the trouble is due to one of the coil springs. The remedy is to shim the ends so that they can't set up noise. Sometimes lubricating the coil seat will check noise. To do this properly, however, car weight has to be lifted off the coils, otherwise the lubricant can't get to where it will help.

Mechanic Joe Speaking:

"I have no patience these days with people who feel that they have made ample preparations for a trip by car if they stop off at the filling station to check the oil. Parts which ordinarily should last the life of the car are being ruined through sheer neglect."

"If I were to list ten things that ought to have special attention before starting out by car I would have a hard time boiling down the various items that should be checked, but if you insist here are the timely ten:

"Check the cover of the oil filter and its lines for evidence of looseness or leakage. See that the fan belt is tight. Check the battery not merely for solution level but for condition of the posts, connectors, and ground strap. Check the brakes. Make sure the front wheel bearings have been greased. Check ignition timing. Inspect the tires for sidewall breaks and check pressures cold. Clean the air and fuel filters. Check the clutch pedal for free play. Check all lights."

Checks Noisy Brakes

That vibration which can be so troublesome when applying the brakes isn't always due to thin drums or lack of careful adjustment. Sometimes it stems from the cotter pins which hold the brake shoes. A remedy that often works is to insert felt or spring steel washers between the ends of the shoes and the anchor plate. Then the cotters are replaced.

One For The Book

No one should ever be surprised if car trouble proves elusive to the best of diagnosticians. I am reminded of a friend of mine who was troubled with a persistent scraping noise in the front end of his car whenever striking a hole in the road. When the car was put on lift the mechanic immediately pointed to a very badly worn shock absorber eye. A new shock absorber was installed and by all rules this should have ended the trouble. But the noise continued unabated. Back at the shop they went over the picture again and discovered that one of the coil springs was broken.

The optimist views such cases as a way to nip trouble in the bud. That shock absorber was on the way out and might easily have teamed with the broken spring to cause real trouble.

They're Not The Same

Loose use of the term "short circuit" when conditions clearly indicate an "open circuit" is something which ought to be discouraged because it results in dead ends in diagnosis. An "open circuit" is one that isn't complete. A headlight will go out with an open circuit just as it will if there is a short, but a short is a more dangerous situation. Also the "short" will be evidenced by fuse blowing or action of the circuit breaker. Open circuits can be evidenced by fuse blowing or action of the circuit breaker. Open circuits can be checked with a testing light, and the break in the wiring thus isolated.

Keep Them In Mind

The rear tires should be carried at higher pressure on a trip not only because of the increased passenger and luggage load but also to help correct the adverse effect

on steering due to the tendency toward rear end sag.

Some slack in the brake pedal is necessary so that the compensation port in the master cylinder will operate properly. This slack often is mistaken by some drivers as evidence of a spongy pedal.

When the engine tends to cut out as the car rounds a gentle curve at road speed the indications are that there isn't sufficient clearance between the carburetor float and the bowl. The float binds, thus disturbing the float level and the supply of gasoline available for disturbing the float level and the supply of gasoline available for the jets.

Out Of The Past

It has been said that some of the old timers forgot more than many of us today will ever know about cars, and I've just uncovered a little evidence to support the idea. Glancing through an old instruction book I read as follows:

"The contact points will require little attention or refiling even through they may be rough and irregular." What this emphasizes is the fact that "hills and valleys" on points actually increase the area of contact, but only so long as the points are not disturbed. If they are tampered with then hills will strike hills and there will be trouble. When attention to the points is required, as when they become burned or worn, the best rule is to replace them.

In The Motor Mail

Q. What would cause my car to be difficult to start after it stands for a day or so? J. J. L.

A. Fuel leaks from the carburetor bowl. However, if the fuel pump is up to par the bowl should quickly refill. Check the filter bowl which may be loose, allowing air to enter.

Q. I am another of the many people who have written you about clutch chatter. However, I have tried the usual remedies and nothing seems to help the situation. Wm. B. B.

A. How about loose rear spring saddles?

Q. I have a very persistent squeak in the left front door. I have greased the latch and the striker plate, and the door dovetails as well. T. H. McB.

A. Probably there is a loose hinge pin.

Q. I am troubled with the cooling system losing water and of course with the motor overheating. There doesn't seem to be any particular reason for this. Timing isn't slow. The engine is clean. Brakes do not drag. There is no slippage of the clutch. I have had the mixture checked and the cooling system cleaned out. J. J. G.

A. From other remarks in your letter I assume that you use the car almost entirely in rather spasmodic city traffic. Perhaps you are overfilling the radiator when the motor is cold. This combined with fast stops causes water to surge forward and go out the overflow pipe.

Q. The front tires on my car are wearing unevenly. Alignment has been checked but nothing shows up. K. L.

A. I do not believe that this checking has gone far enough. You may find, for instance, that the frame is out of line because of some previous collision.

Q. I am annoyed by having the gears jump out of high into neutral when the car is going downhill. Of course I can shift back into gear again but the car gains speed meanwhile, and the gears are likely to jump out again. F. G. H.

A. The most likely cause of this is too little tension on the springs (detents) which are located be-

tween the shifter rails. It isn't too much of a job to replace them.

Q. What would cause the windshield wiper blades to slow down when I am climbing a hill or accelerating? They never did this before. On the level ground at a steady speed they seem to do a good job. G. K. M.

A. This indicates that the diaphragm of the vacuum pump part of the fuel pump is leaking. If you don't have this replaced the engine will also consume a lot of oil.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford, 7, Conn. reply. There is no charge.

TEEN TALK

By VIVIAN BROWN

The Associated Press

Are you lonesome and in need of a friend? Well—unfurrow your little brow. You may find a loyal subject for your friendship chain in any pet shop.

A little feathered companion, who will sing your troubles away . . . or a spry little fido with trusting eyes . . . or a small ball of fluff that will purr and purr—all waiting for some little mistress to claim them.

Take your choice. But while you are about it, why not consider the cat?

The cat will not lick your boot straps, or respond to the impatient flick of your fingers. It has dignity and understands human conceit.

But the cat will reward your love and care in other ways.

Such a cat was Pidgey, the ginger and white delight of our household who was catnapped, foxed or treed in the Connecticut hills a few months ago.

His contented purr was a thunderous roar that belloyed the flame in our fireplace on winter nights. He would lie happily conscious of being observed, and then when ignored, even momentarily for newspaper or book, climb into your lap for reassurance of affection.

Honorable Hubby, Father

He was an honorable husband and father. He wed the cat across the road, then brought a kitten home for us to feed. He adored his smoky-gray son, "Grady," with near human fervor. He washed him from ears to tail-tip every day, pretending to be mother, too, letting him nestle cozily against

his warm white undercoat.

He taught Grady how to climb trees — first by running up tiny trees, and then running to but not up big trees, disdaining them in cat language. He taught him to catch moles and to arrange them neatly at the refuse. And when his two-year-old son became too dependent, he enforced cat psychology and became a stern disciplinarian. He was first instead of last to door, dinner plate and our laps, ignoring his sons' pleas for daily ablutions.

Pidgey loved to watch birds, and except when a kitten never made a pass at one. He was smart and alert . . . could somersault, walk on his hind legs across the room, sleep in sort of a half-nelson, and sense an unfriendly animal hundreds of yards away. But he would never perform at command.

Liked Quiet Household

Like all felines: He liked a quiet household, was fastidious and would starve rather than eat stale food. He didn't give a hoot about visitors, particularly stupid people who picked him up by his skin — enough to break his neck.

Pridgey could fathom mechanical problems in his time like most cats. He would lean nonchalantly against our door, pretending to stretch, yawning as he casually measured the distance to the knob. In just a few more months he might have made it.

Those who fear cats claim fierce loyalty to dogs. But the Chinese believed, and present-day psychiatrists concur, that they have a deep-seated fear of domination, and must be master of their animals. So don't let them discourage you. Dogs and cats can live together happily.

Your animal need not be purebred to earn your love. Pidgey was

lioli and baby's breath. The bridal attendants will be the Misses Cheri Lott and Sandra Asimus, both of Gettysburg. Miss Norma Oates, Knoxlyn; Miss Judy Shetter; Biglerville, and Miss Josephine Rodgers, York. They will wear ballerina-length gowns of net over taffeta in pastel shades, matching stoles, picture hats of lace and pumps. They will carry hand arrangements of florets of gladioli, delphinium and baby's breath.

Uncle Is Best Man

Foster Barbour, Harrisburg, uncle of the groom, will be the best man and the ushers will be Dewain Spangler and Richard Thomas, both of York; Vincnet Onorato, Wynnewood; and Stanton Musser, Gettysburg.

The bride's mother will wear a gown of iridescent transparent taffeta in a changeable mauve and lavender shade with matching gloves, hat and slippers. Her corsage will be of lavender gladioli, florets and baby's breath.

The mother of the groom will wear a navy blue sheer dress with navy and white accessories, and a corsage of white gladioli, florets and baby's breath.

A reception will be held at the home of the bride immediately after the ceremony. The couple will honeymoon at the Hershey Hotel, in Hershey. As a going-away ensemble the bride will wear a white linen suit with navy accessories and an orchid corsage. Upon their return they will reside in York.

The bride attended Gettysburg High School and the groom attended the William Penn High School. After completing an enlistment in the Navy he became associated with the York Corpora-

tion, York, where he is presently employed.

OUT-OF-Town GUESTS

Out-of-town guests will be Mr. and Mrs. John Furterer and daughter, Betty, Miss Elaine Ward, Miss Jane Chester, Miss Rose Baldino, Miss Loretta Loubera, Mr. and Mrs. Lewis Winemore and daughters, Cheryl and Vicki, Mr. and Mrs. John Rodgers and daughters, Jacquelyn and Virginia, Mr. and Mrs. Clayton Latschaw, Mr. and Mrs. Calvin Yocum, Mr. and Mrs. Albert Moncrief, Mrs. Alfred Stump Mr. and Mrs. Jennings Warren, Mrs. Robert Adams, Mr. and Mrs. Hirma Beattie, all of Colwyn, Pa.; Mr. and Mrs. Earl Holdcraft, Glenolden, Pa.; Mr. and Mrs. Hobson Haigh, Mr. and Mrs. Charles Winemore, Collingdale, Pa.; Mrs. Clinton Horne, Upper Darby; George M. Hughes, Los Angeles, Calif.; Mr. and Mrs. Wendell Bornecamp and Mr. and Mrs. Robert

Hogan, Holly, N. Y.; Mr. and Mrs. Foster Barbour, Harrisburg; Mr. and Mrs. John George, Mr. and Mrs. Rodgers, D. Shaberly, Mrs. A. Hamerode, Mrs. C. Katzel, Mrs. Grace Shenton and Jack Shanton, all of York.

MODERN MAN LIKES LIVING WITH GIANTS

Machines driven by electricity are the giants of modern industry. They multiply the strength of a worker by ten or even thousands.

Metropolitan Edison Company's industrial power engineers live with these giants and know their ways . . . how to harness them for top performance . . . how to track down and eliminate waste of power . . . how to lengthen the life of expensive equipment. Thousands of industrialists and store owners make use of these valuable engineering services each year at no cost.

SCHOOLS

SCHOOL ART EXHIBIT INFORMATION

South Mountain Fair—September 8-12, 1953
Adams County Fair—August 11-15, 1953

A. Schools are invited to exhibit at the Adams County Fair, so as to be represented in that locality of the county. Your exhibit material should be sent or taken to Miss Mary Elder, Abbotstown, or Mrs. Miriam Walker, New Oxford, by May 28, 1953.

B. In regard to the South Mountain Fair:

1. Each school system should be responsible for placing their own art exhibit at the fair. Space will be assigned and indicated by markers on the morning prior to the fair's opening evening.

2. In as much as efforts seem to fail as far as being able to set up a limit on the number of renderings (because lack of space continues to be a problem, as well as the size of the various types of renderings) no stated limit will be fixed. It can again only be pointed out that continued effort should be made to create a more tasteful exhibit of your work. This is indeed true since the rating of the exhibit is not only on the work of the students, but the presentation of it by the school.

Efforts will be made to obtain more space by requesting the entire use of the school system's building.

3. All renderings must be marked clearly and appearing with convenience for the judges. The student's name and grade are required. Crafts should be marked with tags.

4. Ribbons will be awarded within each school system. The system of A, B and C rating will be followed as before, with the following prize scale:

A ratings—\$10.00
B ratings—\$15.00
C ratings—\$10.00

TRACTOR DRIVING CONTEST

10:30 a.m. to 1:30 p.m.

John H. Kratzert, Chairman
James L. Wilson, Co-Chairman

The tractor driving will be limited to one contestant from each Vo-Ag department. The Area Tractor Driving Champion will receive an F.F.A. belt buckle and a suitable wall plaque. First through tenth places in tractor driving will receive a ribbon.

The teacher of each school must notify the Chairman or Co-Chairman of the tractor driving contest one week in advance, the make and model of tractor his driver requests for the contest. The committee will attempt to have the requested makes of tractors on hand.

Paul G. Benchoff is Chairman of the Scoring Committee for all contests. All teachers are expected to help on this committee immediately following the close of the contest in which he was working. Ribbons will also be given to the three highest ranking individuals in each contest in addition to medals.

A suitable wall plaque will be given to the school winning the highest number of points in the contest. Tractor driving score is not included in competition for the wall plaque. Each teacher must give the County Adviser the names of ten boys from his chapter before the contests begin. The school winning the wall plaque will be determined by the total scores of the ten boys previously submitted.

These contests are sponsored by the South Mountain Fair Association in the interest and educational value of the boys studying vocational agriculture in the high schools of Adams and Franklin counties.

SOUTH KOREA CELEBRATES INDEPENDENCE

SEOUL (AP)—Crack South Korean troops paraded through this battered capital today and President Syngman Rhee shouted his determination to "march north at the earliest possible time" as this war-shattered republic marked its fifth independence day.

In an address to thousands packed into Capitol Plaza Rhee reiterated that the post-armistice political conference has 90 days to unify Korea. And he predicted again that the conference will fail.

Rhee made it clear that unification is his goal.

"The one and only standard by which the success or failure of the political conference may be judged is whether it achieves this common objective," he declared.

Rhee said the armistice shifted the "battle of Korea" from a military to a political field but it still remains the crucial struggle to avoid World War III.

He spoke as a giant gathering in front of the war-scarred Capitol building. At least 100,000 South Koreans lined the streets and Capitol Plaza to hear the speech directly and over loudspeakers. Korean police estimates ranged as high as a half million.

After the speech, the Republic of Korea proudly paraded its military strength. Units from 16 ROK divisions marched smartly through the streets. Cadets from the army and naval academies joined the parade and a battalion of Korean Marines in full battle packs took a salute.

SEEK SWIMMING GRANDFATHER IN LAKE ERIE

CEDAR POINT, Ohio (AP)—Coast Guard and private craft searched Lake Erie today for a 53-year-old grandfather who tried to swim 30 miles across the lake.

Whether William Sadlo was still swimming in the choppy lake or had given up and was resting ashore wasn't known.

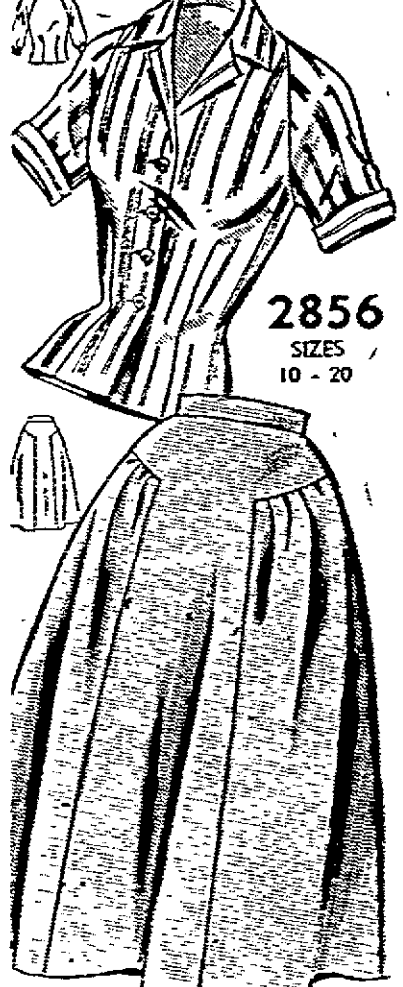

The physical education teacher at Brooklyn, N. Y., Polytechnic Institute entered the water at Point Pelee, Ont., at 4:30 a.m. (EST) yesterday and estimated it would take 17 hours to swim to Cedar Point.

Accompanied by a cabin cruiser towing a skiff in which his coach rode, Sadlo took on honey and water from time to time and was last seen by the Coast Guard about 5:10 p.m. He then was east of Middle Island and only about 14 miles from Cedar Point.

Later, at 7:30 p.m., a private craft told Cedar Point authorities it had spotted the barrel-chested swimmer off Kelleys Island and only 11 miles from here.

But then a curtain of darkness

came down and no further reports were received. Two Coast Guard ships and a speedboat from Cedar Point searched the area.

The Coast Guard said Sadlo appeared strong and swimming easily when it last observed him. The boat crew returned to its base for supper then and was unable to pick up his trail later.

Waves three-feet high churned up the lake early today and it was believed the swimmer might have been taken ashore for his own safety.

French Strike's Steam Runs Low

PARIS (AP)—The long, costly series of French strikes seemed today to be running out of steam. It was still too early to say when the work stoppages might end or that there would be no recurrence—but enthusiasm appeared to be waning.

No new walkouts were announced yesterday, and a few small—but perhaps significant—breaks were appearing in the solid front the strikers put up the past week.

Although most of the demonstrators were still off their jobs, there was no way of estimating the real strike strength. Today is Assumption day, normally a holiday. The big test will come Monday and Tuesday, when the holiday weekend is over and many workers are due to report back to their jobs.

England's navy dates back 1,000 years to the fleet organized by King Alfred to fight the Danes. England's Royal Marines were organized in 1664.

One of the oldest surviving creatures on earth is the worm-like peripatus.

STATE FARMERS VOTE FOR WHEAT QUOTAS IN 1954

HARRISBURG (P)—Pennsylvania wheat growers joined farmers over the nation yesterday in approving rigid federal marketing quotas on the 1954 wheat crop.

The unofficial, almost complete state tabulation showed slightly less than a 2 to 1 ratio in favor of controls—about 64 per cent of the ballots cast. The percentage was some 15 per cent less than the national margin which easily topped the 56-23 per cent yes vote necessary on the national level to put the quotas into effect.

State totals with single districts in Berks and Jefferson Counties missing among the 65 counties with eligible voters were:

For quotas—2,074.
Against quotas—1,132.
Challenged votes—282.
18,500 Eligible

An estimated 18,500 Pennsylvanians who will plant 15 or more acres of wheat this fall were eligible to take part in the referendum to decide whether the country should have marketing controls for the first time in 11 years. The Keystone state turnout was about 17 per cent.

National experts had expected Pennsylvania to be among the large eastern states recording a strong "no" vote. Pennsylvania ranks 18th in wheat production and this year's crop has been estimated at 20½ million bushels.

In the 1952 referendum controls were favored by 53 per cent of the Pennsylvanians voting while the national result was 52.4 per cent.

Here And There News Collected At Random

(Continued from Page 1)

even, at ages 20 to 29, during which period often six and a half time as many men as women meet with fatal mishaps. In that age group, automobile fatalities to men are usually the most serious single cause of accidental death and frequently are seven times as great for men as for women.

In the latest year for which a complete record is available (1949) the number of fatal falls exceeded the number of motor vehicle accidents in Pennsylvania and provided the principal cause of accidental death. In that year, deaths by accidental falls were 26 times more frequent than by aircraft accidents, and 18 times more serious than accidents caused by firearms. Falls were the only types of accidents in which women exceed men in the number of their fatalities.

Since the summer months are usually the season when the likelihood of outdoor accidents is at its peak, it is well to recall that, in reports of the Public Health Service covering the United States as a whole, it is shown that accidental deaths are frequently more than 50,000 a year; that more than one-third of such deaths are caused by motor vehicles and that nearly 27 per cent of all motor vehicle accidents result in the death of a pedestrian.

Some of the most feared causes of accidental death, the record shows, are among the least frequent. In the last year for which complete records are available, only 47 people in the United States were killed by the bites of venomous snakes, scorpions or poisonous insects. Lightning caused five times as many deaths as snake or insect bites, while drowning resulted in more than 20 times as many fatalities as the much more dreaded bolt from the sky.

This review of statistics covering accidents, highlights the importance of the action of the General Assembly in its 1951 Session in creating the Pennsylvania Public Safety Commission.

NORTHEASTERN PA. PUSHES FOR AF JET DEPOT

LAKE HARMONY, Pa. (P)—The Northeast Pennsylvania Industrial Development Commission is pushing its efforts to have a proposed 73 million dollar air force jet maintenance depot located in the anthracite region, hard hit by unemployment.

A 12-man committee was formed at Split Rock Lodge here yesterday to look over possible sites for the huge project in preparation for an expected visit to northeastern Pennsylvania by Air Force officials later this month.

The region's three Republican congressmen, Ivor Fenton, Edward Bonini, and Joseph Carrigg, pledged their support to bring the installation to the area. The depot is expected to employ 8,000 civilian workers and 5,000 military personnel.

Previously For Lancaster

The giant installation was previously assigned to Lancaster County, Pa., and Hammon, N. J., but local opposition and water disputes forced postponement of the choice of sites.

The commission's site committee will be headed by E. B. Ace, Pennsylvania Power and Light official from Allentown. Serving with him will be Joseph Zerby, Portsville; Maj. Lee White, Scranton; Jacob Wachman, Stroudsburg; James McLaine, Avoca; E. V. McCullion, Lansford; Thomas Stalback, Hazleton; Joseph Rice, Tohanna; Bernard Blier, Scranton; Vincent O'Hara, Pottsville; Nicholas Haydock, Wilkes-Barre and Herbert Morris, executive vice president of the Wilkes-Barre Chamber of Commerce.

South Koreans Stone Taunting Red POWs Marching To Freedom

B. WILLIAM C. BARNARD PANMUNJOM P. — The U. N. Command said today South Korean civilians stone taunting Communist war prisoners moving north for repatriation yesterday, injuring 34 Reds and nine American guards.

The outburst of violence near Inchon brought no immediate echoes at this dusty village where 400 more Allied prisoners were freed from Communist prison camps today.

Few Americans, all of them apparently hale and hearty, were among the group freed on this, the 11th day of the great prisoner exchange.

Nine others prisoners liberated earlier—eight of them seriously ill or disabled—were due at Travis Air Force Base near San Francisco today after a flight across the Pacific.

Second ship leaves Sunday

The second troopship to leave for the United States with liberated Americans was to sail from Inchon Harbor Sunday morning, August 16, according to G. H. Hase, 431 American repatriates and other troops on route home on regular rotation. The trip is expected to take about 10 days.

The U. N. Command said some 3,600 Red prisoners, taunting soldiers and changing Communist songs, hurled boots and metal canisters at South Korean bystanders as they were being trucked to a rail station from Inchon Harbor.

The South Koreans responded with rocks.

Saturday's liberated Americans added to the stories of horrors in Red POW stockades. And Communist Peiping radio continued the war of words over the withholding of some 7000 men.

Reds Protest Again

Peiping said the Reds had protested to the armistice repatriation commission against what it called "the forcible retention of a number" of Communist prisoners due for repatriation.

The U. N. Command Friday told the Reds to say definitely whether they plan to withhold any Allied prisoners. The U. N. made no mention of a Communist protest.

Saturday's group of 50 Americans was the smallest returned so far by the Reds. Fifty British and 300 South Koreans also were repatriated Saturday.

Sunday's group the Reds said, will include 75 Americans, 13 British and 262 South Koreans.

Summer Recreation Season At Littlestown Ends Friday

The summer recreation program closed for this season in Littlestown on Friday afternoon. A party was held for the children with approximately 125 in attendance. Refreshments, including buns contributed by the Capital Bakery, lollipops given by Robert Stover of York, and orange aids, were served.

The program has been conducted during the past two months with week day morning and afternoon sessions. Special events took place throughout the season. The playground supervisors were Mrs. E. C. Sentz and Clayton L. Evans.

VFW Auxiliary Meets

Fifteen members attended the August meeting of the Ladies' Auxiliary to the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, held on Thursday evening at the post home, West King St. The president, Mrs. Ruth Dooley presided. Correspondence was read and the secretary's report given by Mrs. Helen Garner. It was announced that on Tuesday, September 1 a field day will be held at the Coatesville Hospital.

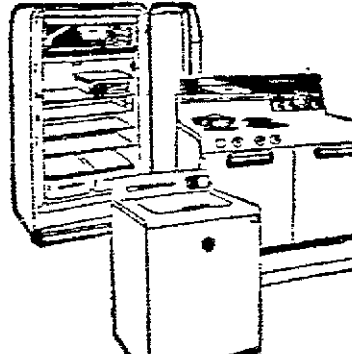

Members are planning to attend and they should be at the hospital by 1:15 p.m. The guess package was contributed by Mrs. Emily Hahn and received by Mrs. Anna Belle Oiler. Mrs. Hahn, Mrs. Oiler and Mary Reigle were appointed to serve as a hostess committee for the meetings for the next three months.

The Auxiliary decided to sell Christmas candy and Christmas cards. The committee in charge of this project includes Mrs. Mildred Weaver, chairman, Rebecca Weaver, Helen Garner, Mary Winthrope, Anna Harner, Ethel Bridinger and Margaret Baker. A report on the recent VFW convention in Milwaukee, Wis., was given by Mrs. Dooley. Madalyn Bloom attended the convention along with the president. It was announced that the next quarterly district meeting will be held Sunday, Sept. 20 in New Freedom. Mrs. Marie Dutterer reported for the trustees on the book auditing. The treasurer report was heard from Mrs. Mildred Weaver. The next meeting of the Auxiliary will be held Thursday, September 10. At the conclusion of the business refreshments were served by the August hostesses, Mrs. Treva Snyder, Mrs. Geneva Harner and Mrs. Ethel Bridinger.

James Barnes will be the junior leader at the meeting of the Junior Fellowship of the Centenary Methodist Church on Monday evening at 7 o'clock at the church.

Girl Scouts Home

Members of Girl Scout Troop No. 39 have returned from a week's camping trip at Gettysburg. Activities during the week included a hike on the Appalachian Trail, a nature hike in the State park, swimming every day and cook-outs over an open fire. The Scouts slept in pup tents.

SAYS 8 YANKS SENTENCED ON "TRUMPED UP" COUNTS BY REDS

INCHON, Korea (AP)—A liberated American prisoner said today Chinese Communist officials at Prison Camp 1 sentenced eight Americans to prison terms of up to three years on the last day of the war "or trumped up charges."

Sgt. Harry Borie, 23, of Philadelphia, a lean American medic who spent 28 months in Red prison camps, said in an interview that the jail sentences came just after some GI's had beaten up fellow American prisoners who co-operated with the Communists.

Three men sentenced to jail terms were accused of beating up one of the "progressives," Borie said. The others were accused of other crimes. The eight Americans confessed to the charges after being tortured, he said.

Must Serve Sentences

The Reds made it clear the men would have to serve their sentences despite the fact an Armistice had been signed, Borie added.

Other American prisoners returning from other camps have told of several other Americans who were imprisoned for crimes they did not commit.

"We felt like we were floating on clouds as soon as we crossed the line coming down here," Borie said.

Borie was to board the troop ship W. F. Hase Saturday afternoon for the trip home.

He was captured April 23, 1951, in the Red's spring offensive while serving as a medic with the U. S. 5th Regimental combat team.

At least 40 warships from Greece, the United States, Britain and Israel standing off the three stricken islands sent a steady stream of men and relief supplies ashore. Many other smaller vessels, mostly Greek, removed hundreds of victims.

Believe 1,000 Dead

The islands of Rhaxa, Kafallina and Zakynthos were ripped by a series of shocks starting last Sunday. The quakes completely destroyed the three largest cities on the islands, partially wrecked many villages, tore up roads and left thousands homeless.

There still was no accurate count of the dead and injured, but almost all officials agreed the death toll will reach 1,000 and may be even higher. Many thousands of the islands' 120,000 residents have been injured.

Local Girl Is Stewardess

Miss Sara Catherine Larson, daughter of Mr. and Mrs. Eric Larson, Buford Ave., was recently awarded the silver wings of an American Airlines stewardess. She attended Gettysburg High School and was later graduated from the Val De Grace School for Girls, Elizabeth, N. J., and from Centenary Junior College, Hackettstown, N. J., in 1952.

After completing four and one-half weeks of intensive training school in Chicago, Miss Larson was graduated at ceremonies held in that city. She left Gettysburg early in May and is presently flying between Peru, Wash. and Mexico City.

The new stewardess, who is five feet three and a half inches, has brown hair and brown eyes. Her favorite hobbies, besides flying, are golf, swimming, cooking, bridge and sewing.

Mrs. Edna Shriver Honored For 28 Years As Telephone Operator At Littlestown

Mrs. Edna Shriver, East King St., operator for the United Telephone Company, who will retire effective September 1, was honored by fellow telephone workers at a dinner party on Thursday evening at Schutte's Hotel.

B. M. Free, district manager for the United Telephone Company, reported that Mrs. Shriver, who has a record of 28 years of continuous service as a Littlestown telephone operator, is retiring under United's plan for employee pension. Mrs. Shriver was commended by L. R. Thurston, United president, on her "outstanding record of loyal and effective service to the community and the company" during her telephone career.

Mrs. Shriver commented on her years of service telling that she has been most impressed by the growth of the telephone system during the last few years. She said: "We gain more telephones in a month these days than we used to in a whole year." The local exchange presently serves 1,850 telephones.

In honoring the veteran telephone operator, Mrs. Shriver was presented with a wrist watch, an orchid corsage and she received many other gifts.

Those who attended the affair were: H. R. Thurston, president; B. M. Winner, head of the com-

mercial officer James Farley, head of the traffic division; J. R. Federhoff, head of the cable department; James Francis and Mary Rockman, traveling chief operators; Henry Rosier and R. H. Nation's Wheat Farmers Accept Rigid Controls

By OVID A. MARTIN

WASHINGTON (AP)—The nation's farmers have accepted rigid controls on next year's wheat crop in return for continued high government price supports. In doing so they eased pressure on farm-belt Republican members of Congress facing campaigns for re-election in 1954.

Incomplete but conclusive returns showed growers gave a top-heavy vote in yesterday's referendum, 338,751 to 51,487, for marketing quotas on the 1954 wheat crop. The restrictions will cut production and sales about 20 per cent from this year's 10 per cent above normal crop.

Wanted By \$5.7 Pct.

The returns showed a favorable vote of 85.7 per cent—far above the 65.2 per cent required and the biggest proportion ever placed up in a wheat quota referendum.

The main issue in the nationwide balloting was next year's wheat price. The difference in price resulting from approval or rejection of quotas could have been close to \$1 a bushel, or perhaps one billion dollars on the whole crop.

Farm law requires the government to support crop prices at 90 per cent of parity—about \$2.20 a bushel in the case of wheat—if farmers approve quotas in times of surplus, and at only 50 per cent of parity—about \$1.10 per bushel—if they reject controls. This year's support rate is \$2.21.

Had Forecast Defeat

Parity is a price legally declared to be fair to farmers in relation to what they must buy.

Inasmuch as market prices usually reflect support levels, rejected quotas could have meant a sharp drop in farm income in major wheat producing states at a time when many farm area Republican congressmen were seeking re-election next year.

In this connection, the quota approval was expected to bring further recovery in wheat prices in speculative markets. Quotations had dipped sharply late last week and early this week on private forecasts of a quota defeat. But prices advanced somewhat yesterday as farmers voted.

April 7, audio visual program, Maurice E. Bream in charge; 14, home nursing program, Mrs. Brenda S. Walker in charge; 15, fifth marking period ends; 16 through 19, Easter vacation; 20, PTA meeting; 22, in service training meeting on the subject language, in charge of E. Dean Stover; 23, ninth grade trip to Harrisburg; 23, opera; 24, Junior-Senior Prom; 28, class organization and election of class officers; 30, fashion show.

May 2, elementary school musical; 5, registration for 1954-1955 school term; 6 and 7, Senior Class trip; 12, eleventh grade assembly program; 14, open house and night of music for the public; 18, PTA meeting; 19, Senior Class program; 24 and 25, final exams; 26, awards assembly; 27 and 28, clerical holiday; 31, school closes.

125 AT LIONS FAMILY PICNIC ON THURSDAY

One hundred twenty-five persons, including members of the Littlestown Lions Club and their families, enjoyed a fried chicken dinner in the Christ Church grove auditorium on Thursday evening. Following the meal, a film entitled "The Pablo Boy," concerning the life on an Indian reservation, was shown through the courtesy of the Ford Motor Company. Two cartoons were also shown for the children. Arrangements for the affair were in charge of the constitution and bylaws committee, John H. Riley and R. L. Crouse Sr.

The next regular meeting of the program by the Littlestown Minsterium; 2, basketball game at New Oxford; 12, basketball game at Newville; 13, assembly, thrift program in charge of Frank Keefer; 14, district chorus at Lebanon; 15, basketball game at Boiling Springs at home; 19, semester exams; 19, PTA meeting; 19, 9 a.m., special assembly, The Highlanders; 19, basketball game at Fairfield; 20, semester exams; 21, first semester ends; 22, basketball game at home with York Springs; 23, basketball game at East Berlin; 27, science program in charge of E. Dean Stover and Maurice E. Bream; 29, basketball game at Biglerville.

February 2, basketball game at New Oxford; 3, ninth grade assembly program; 4, 5 and 6, state chorus; 5, basketball game with Newville at home; 9, 9 a.m., special assembly featuring Ted Parkinson; 9, basketball game at Boiling Springs; 10, industrial arts program with Charles E. Tressler in charge; 11, Junior High Valentine party; 12, basketball game with Fairfield at home; 16, PTA meeting; 16, basketball game at East Berlin; 17, patriotic program in charge of Mrs. Joan C. Witt, Paul A. Farmer and Lloyd Staley; 18 and 20, district band, Manchester; 19, home basketball game with York Springs; 24, home economics program in charge of Mrs. Virginia Sheely; 25 and 27, basketball league playoff.

"CLOSE TO HEAVEN"

Where the mountains climb to heaven . . . and the pine trees kiss the sky . . . I will dwell in God's creation . . . till the very day I die . . . far away from trial and trouble . . . where the birds sing all the day . . . songs of love with tender meaning . . . cheering me along the way . . . where each night is full of wonder . . . with a million stars in view . . . and the days are free of worry . . . for I love the work I do . . . nature's arms surround me being . . . filling me with untold thrills . . . through the marvels of the summer . . . and the winter's joy thrills . . . I have found a peaceful valley . . . and you'll always find me there . . . living close to God and heaven . . . in a place beyond compare.

Club will be held Thursday, September 3, at 7 p.m. at Barker's Restaurant. The program will be in charge of the convention committee, composed of Edgar A. Wolfe and Paul H. Shetler.

Members of Girl Scout Troop No. 12, Miss Mary Rita Redding, leader, went on a short hike on Thursday evening. Following the hike, tests were given for six girls from the troop to attend Camp Conewago next week.

There will be a meeting of the Littlestown High School Athletic Council on Tuesday evening at 8 o'clock at the high school building.

40 Cubs In Contest Forty local Cub Scouts participated in a fishing contest on Thursday evening at the Littlestown Fish and Game Pond. Awards were given to Richard Moller for catching the most fish and to Bruce Stair for catching the biggest fish. A surprise winner was Ted Parkinson.

Other refreshments were served by the demonstrators. Adults who assisted with the evening's activities were: Cubmaster George E. Hornberger, assistant Cubmaster Robert B. Wareham and Mrs. Wareham, Mr. and Mrs. G. Richard Knipple, Mr. and Mrs. Beavon Balon, Mrs. John J. Way, Mrs. William Whitrow and Mrs. Kathryn M. Bahr.

The Cub Scouts will meet for a brief meeting next Thursday at 7 p.m. on the community playground. Details will then be announced for a bus trip to Washington, D. C., scheduled for Saturday, August 29. Cubs will be asked to present their parent's signed permission slips on Thursday.

Phyllis Rimeel will be the junior leader at the meeting of the Junior Fellowship of the Centenary Methodist Church on Monday evening at 7 o'clock at the church.

Society Holds Outing An outing was enjoyed by the members of the Ladies' Aid society of St. John's Lutheran Church and their families on Thursday evening at the cottage owned by Mr. and Mrs. Preston Clouser, near Hanover.

A picnic supper was served in charge of Mrs. George Trump and Mrs. Preston Clouser. Group games were played and horseshoe pitching contests were held by the men.

A short program was held and Mrs. Kenneth Kuhn, Taneytown, accompanist, accompanied for a song service. A reading was given by Mrs. Dallas W. Shriner and Mrs. Wilbur Hollenhead offered prayer. The program concluded with the group singing "Blest Be The Tie."

The next regular meeting of the society will be held Thursday, September 24, at the church. The hostesses will be Mrs. Frank Hollinger, Mrs. John Spangler, Mrs. John R. Hawk and Mrs. Jessie Bahr.

John H. Riley, principal of the Littlestown elementary school, has announced that 125 children have been registered for the first grade of the Littlestown Joint School System for the 1953-54 term. Friday was the final registration day. The term will open Tuesday, September 8.

Mr. and Mrs. William H. Dixon, West King St., have received word from Dr. J. G. Michael Toocua, Key West, Fla., that his wife, the former Charlotte Baker, granddaughter of Mr. and Mrs. Dixon, who is ill with polio in Florida, has passed the danger point of the disease. Mrs. Toocua was stricken last week. She is the mother of a small son.

Mr. and Mrs. Paul M. Bowman and sons, Paul Allen, James and John, Prince St., returned home on Thursday from a six-day motor trip through Indiana, Ohio and Illinois. During the trip they visited with Mr. and Mrs. Charles Butler and family, Bandalla, O., and these cousins in Kentland, Ind. Mr. and Mrs. George Bowman and family, Mr. and Mrs. Elmer Bowman and Mr. and Mrs. Donald Straw and family. They also toured in Chicago and around Lake Erie.

Probably those flying saucers would land except for the fact there's no place to park.

Something In The Wind

If traffic congestion becomes any worse don't be surprised if some enterprising car maker comes up with the feature of intermittent engine operation, a plan used by gas mileage marathon contestants. One straw in the wind is the adoption of 12-volt electrical systems by some of the leading American car manufacturers. If the user of a 12-volt system were as careful about keeping the battery charged as he is with his 6-volt system he would be able to use the starting motor abnormally. If any such plan for cutting down long periods of idling were adopted the hot-restart would be combined with automatic opening of the throttle valve so that the pistons would draw in more air. The thing would have to be taken more or less out of the driver's hands since his tendency always is to pump on the accelerator when trying to re-start a hot engine, and that is the wrong caper completely.

Changed The Ratio

It's just a detail but perhaps you haven't noticed that the car makers for this year have been advocating a little higher pressure for the front tires while cutting down slightly on rear tire pressures. This is designed to improve rear wheel traction when roads are slippery while at the same time guarding against front tire wear. It also helps steering, especially in parking.

Just A Reminder

Before my Car Care book went to press for the second printing I went over it again with a fine comb to see what changes would be needed to keep it abreast of the fast-changing motor car. It proved to be a good investment personally because in the chapter on front-end alignment I reminded myself that one of the causes of weaving and wandering is under-inflation. Checking with my own car which had developed a slight case of this steering annoyance I found that the two rear tires were not given sufficient pressure to take care of the heavier luggage load I carry in summer touring. This rear-end sagging affects front-end caster adversely.

In the book I stress the fact that front-end alignment, while so important these days, can't be blamed for everything that goes wrong with steering. Bald front tires will cause wandering. A pull one way or the other can be due to front tire treads that are not matched.

Mechanic Joe Speaking:

"In trying to check into the reason for insufficient power few motorists ever think to consider the fuel pump which may be lacking in capacity. One of my customers got excellent results from his car when it was new but as it lost efficiency and began using more gas the pump often could not make the grade. This was especially noticeable when trying to accelerate at higher speeds or when climbing long grades. "Putting it another way we can see that if the fuel pump itself isn't kept up to par it may easily fail to deliver the amount of fuel the engine needs, even if the latter is right up to its original efficiency."

HEAT BRINGS LEAKING

The poor idling of the engine when it has become a little on the feverish side can be due to too much expansion of the valve stems, thus causing one or more of the valves to hold slightly open, but a more likely cause is the fact that the mixture has become

too lean. This follows as a result of the heat causing excessive expansion of the gas. It's a tip-off to get after the cause of overheating. Failure to get to the root of it may just be an expensive way of taking the detours.

Picked Up Enroute

Considerable trouble can be headed off by considering the use of superior parts. One fuel pump being guaranteed for 50,000 miles before diaphragm replacement is needed . . . One of the improved ignition coils carries a 100,000 mile guarantee . . . It lies in with the fact that some of the ignitionills of the day are due to too much current diversion . . . Some of the latest models use as many as 38 lights as compared to 4 or 5 back in 1925 . . . The tire companies will urge their dealers to have tire men lubricate, inflate, deflate and re-inflate the inner tubes when installing them in tires . . . In explaining how to get maximum gas mileage experts economy drivers strongly emphasize need for proper lubrication.

When a car skidded on a perfectly dry road, and the driver was not driving too fast at the time, many observers shook their heads in wonderment. But not an old timer. He decided that the car probably had a very weak rear spring. Inspection showed that the spring actually was broken.

Insurance Against Wear

Every now and again I receive one of those heated letters in which a motorist of long experience will insist that there is no need to change oil so often and that the only justification for the thousand-mile change is to sell oil. I believe it might clarify things a bit if I quoted from a recent reply of mine.

"There is," I wrote, "no better way to keep the engine clean than to change oil frequently. The filter plays its important role, but draining the crankcase adds that extra plus and also provides a way to get rid of diluent, especially in short-run driving in the cooler seasons. Oil slip is far cheaper than repairs, so if there is ever any question it would seem logical to favor the idea of using more oil. Regarding the sales angle, remember that in the 1000-mile period between oil changes the average

motorist uses 70 gallons of gasoline and spends about \$16 for it. The oil costs him about \$2.40."

Fills Up With Age

It doesn't seem to occur to those who worry over the engine running too hot that as a car ages its original cooling capacity is reduced by heavy deposits of scale and sediment in the block and radiator. Here's how to tell if the engine is so handicapped:

Darin off the radiator, block and the hot water heater. Find out the car's original cooling capacity and add a quart of water to represent the capacity of the heater. Measure out this amount and then see if you can pour it all into the cooling system. The difference will represent the amount of sediment.

Having Their Troubles

Q. The engine of my car acts as if it doesn't get enough gas, but a check on the carburetor and fuel pump fail to show anything. K. L. B.

A. I'm suspicious of the short flexible line between the main gas line and the fuel pump. It may be porous. This allows air to be sucked in.

Q. How can I tune the engine when there is no peephole in the flywheel housing? L. M. B.

A. Timing marks on your car will be found on the vibration damper at the front end of the motor.

Q. I have had to use tar remover to take off road oil on the fenders of my car. They are now quite clean, but I am wondering about the effects of this on the wax. Wm. G.

A. You will need to wax these particular areas again.

Q. I have been trying to find out why the engine of my car overheats since taking a long trip. The radiator has always been a little undersized for the car, but recently the motor is running too

hot. Just had a brake adjustment. T. H. H.

A. Where a cooling system is just on the edge almost any little irregularity will cause it to go overboard. One of two of the brake drums on this car may be warped from too vigorous use of the brakes on the recent trip. Taking up on the brake shoes may thus be causing brake drag.

Q. There is a wandering muss in the engine which has me pretty well puzzled. I have replaced the spark plugs but things seem worse than before. I have never had any valve trouble with this engine and doubt if there is any slackage. What do you think of the possibility of very uneven compression? J. J. H.

A. Of course have a compression test taken, but the chances are that you are overgreasing the metal cover over the spark plugs. This brings the metal too close to the tops of the pump, causing shorting of high tension current.

Q. What would cause an annoying squeak in the clutch? I get this whenever I press the pedal

down. L. McN.

A. This probably is due to need for a little lubricant on the bushings at the clutch pedal shaft. Use special rubber lubricant for this, not petroleum lubes. Brake fluid is all right for this purpose.

Q. Is it true that a harder lining can be used on brakes where there is a power booster? R. L. E.

A. Yes. Actually modern brakes provide as much power as needed since there is no advantage beyond the point where the brakes lock. Action can be made very easy without power assistance, but engineers can take advantage of power to use harder, longer-wearing lining.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 264 Fern St., West Hartford, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

TEN YEARS AGO
Bigger Board Elects Three New Teachers: Three teachers were elected by the Board of Education at a special meeting Wednesday evening.

Miss Leola Boyer, a graduate of the school, was elected as a substitute teacher of English and dramatics taking the place of Mr. George Resinger, who was elected to the position of principal. Miss Boyer attended Gettysburg College and was graduated from Gettysburg College, Baltimore, Md.

Arthur M. Garrison, a graduate of Gettysburg High School and College, was elected to teach social studies, which were taught last year by Miss Leola Boyer. Mr. Garrison was a member of the Washington to Lincoln High School in Franklin County. Mr. Garrison has for several years been teaching school in Freedom, Pa.

The third vacancy left by the resignation of Miss Leola Boyer, has been filled by the election of Miss Helen G. Gorman, of Lock Haven, who will direct the classes in physical education and health. Miss Gorman is a graduate of Lock Haven Teachers College, and has been teaching in the schools of Johnstown.

Miss Spangler to Wed Seminarian: At a party held at her home, 22 W. Water St., Mrs. Ida R. Spangler announced the engagement of her daughter, Jeanette R. Spangler, to Quentin P. Garman, son of Mr. and Mrs. David Garman, Harrisburg.

Miss Spangler was graduated from Gettysburg High School in 1935 and from Grove City College in 1939. Mr. Garman was graduated from John Harris High School and from Gettysburg College. This fall he will enter his third year at the Lutheran Seminary here. Miss Spangler is at present a member of the Carlisle High School faculty.

Vernon B. Corie To Attend Fire School: Vernon B. Corie, assistant fire chief of the Gettysburg Fire Company, will leave Sunday for a week's training in a firemen's school to be conducted at Lewisburg by the state department of public instruction. The course is designed for engineers, operators and auxiliary firemen.

He is being sent to the school by the Adams County Firemen's association, the county council of defense and the Gettysburg Water Co. and upon his return will assist L. V. Stock, Gettysburg, in charge of civilian defense instruction and training in the civilian defense corps in the county, in the training of firemen throughout the county.

Woman, 74, Will Cast First Vote In Local Option: Proof that the wet-dry local option vote at East Berlin this fall is drawing more popular interest than any election in that section during the past few years is supplied by clerks of the county election commission.

Among the large number of new voters signed for East Berlin is Mrs. Emma J. Eisenhart, 74, who has registered for the first time in her life in order to vote in the forthcoming election. Mrs. Eisenhart will cast her vote on the question of whether East Berlin will allow the sale of beer and liquor as well as voting for the various candidates.

7 New Drivers Selected By Fire Company: Appointment of delegates and alternates to the county firemen's association convention on Labor day at East Berlin and the naming of seven new drivers and operators for the town's fire apparatus were among the activities at the meeting of the firemen Wednesday evening.

Ten delegates including Paul Oiler, Chief James A. Auman, Howard Small, Donald Myers, Edward Amstrong, Raymond Marges, Jacob Small, James Shank, Raymond Biesing and Clarence Shindler were named to represent the firemen of the county convention.

New drivers and operators named included Glenn Galt, C. William Zhea, Raymond Marges, Raymond Small, Donald Myers, George D. Meron and Donald McSherry. The new class completed a six weeks course of training in the handling and operation of the trucks on Tuesday evening.

\$2,134,100 Is County Quota: Adams county's quota in the Third War Loan drive is \$2,134,100. Edmund W. Thomas, chairman of the Adams County War Finance Committee, announced today. The drive will be held in September.

In connection with the quota, Mr. Thomas announced appointment of a number of divisional aides for the county War Finance committee.

The new assistants include Lloyd W. Kuhn, Bendersville, president of the county bankers association, who has been appointed banking and finance vice chairman; Paul D. Thomas, Gettysburg Insurance representative and Chief of Police Glenn Gause, who have been named vice chairman and assistant vice chairman respectively for the labor and industry division of the committee. Mrs. Henry T. Brown, 311 N. Stratton St., who has been named women's chairman and Paul L. Roy, editor of The Gettysburg Times, who has been selected as publicity chairman.

Gather Two Tons of Cans Here: The Gettysburg salvage drive Monday evening netted close to two tons of cans with firemen much pleased with the response of the community to their appeal for the salvage material. It was announced today.

Presbyterians Issue Call to Local Charge: The Rev. Robert H. Hunt for the last three years pastor of the Maple Heights Presbyterian Church in Cleveland, O. was called to the Gettysburg Presbyterian Church at a special conference.

Just Folks

By EDGAR A. GUEST
MEN AT A PARTY
A party is a nice affair, Designed for pleasant chat; To meet the friends of friends, and share.

Their good will after that. In little groups the selfish men In business talk combine. They only join the ladies when They're told it's time to dine.

The ladies must themselves amuse. Discussing foods they cook. This phrase they also often use: "My dear, how nice you look!" The extra waiters come and go With chips to dip in cheese. The selfish men say: "Thank you, no."

The ladies: "If you please."

A pleasant party is to me A joy by friends supplied. But oft I wonder must it be The sexes so divide: The ladies, fair as Junetime blooms, Left sitting in their chairs; The men-folk grouped in other rooms Discussing world affairs.

Today's Talk
By GEORGE MATTHEW ADAMS
IN NATURE
There is more to be learned from nature than has been recorded in all the books that have been written. Take the birds and animals, for example. They are workers. They spend the greater part of their days in searching for food. They are thrifty and industrious. They have no limited hours in which to work, but in the morning and evening the birds express their happiness in song.

I have been reading a book by John Burroughs on squirrels and other fur-bearing animals. He tells of their antics at play and work, and of their characteristics. I have learned a great deal about the small red squirrel that I never knew before. They are among the most amusing. They are easy to tame, so that they expect you to be their friend, and you are. They are astute and sly at times, especially when you don't give them the peanut that they expect.

In late summer they begin to get aside the pine cones for the winter, and you will note the pine pitch all over their noses, blackened from burying food in the ground. I watched one working with a leaf one day and wondered what he was doing, for I knew there was no nourishment in a leaf. I looked at him with my field glasses. He was washing his face! It was his napkins after lunch!

The chipmunk is an amusing little fellow. He will come near and dare you, and then with a smile will dart into his hole. Feed him peanuts and he will hide them in his cheeks until full, as though he had the mumps, then hustle to a safe place for a good meal. I have been watching the beaver near where I spend my vacation. A wonderful animal and a great woodsman. He will fell a big tree in the most scientific manner. His home is one of apartments. If he is disturbed, he will flap his tail upon the water and disappear.

All animals are interesting, and much can be learned from them. Many are much more sensible than we are. They do no complaining. I am sure. They take things as they find them and live their lives out happily if left alone. In nature we see ourselves, often most realistically!

12 STATE MEN DIED IN PRISON CAMPS IN KOREA

By The Associated Press
Eight more Pennsylvanians passed through "Freedom Gate" in Korea today as the Communists released another 84 American prisoners of war.

But on this 10th day of the post-truce prisoner exchange, the happiness that came to the homes of returning prisoners was matched by sorrow in some others as official word was received of the reported death of a loved one in a Communist prison camp.

Twelve Pennsylvanians were on the first list of men identified by the Army as American soldiers reported by the Communists to have died in Red prison camps.

Although the families were told the information they received was based solely on unreliable Communist reports, the long held prayers and hopes grew even dimmer.

In Laureldale, near Reading, Mr. and Mrs. Raymond C. Collier were watching television last night hoping to hear of the release of their son, Raymond, a prisoner for 33 months.

Long Vigil Ends
Beside them was their youngest child, 11-year-old Darlene. Then a telegram arrived. For them it was the end of their vigil. It read:

"A name believed to be that of your son, Sgt. Raymond C. Collier, appeared on a list of Americans submitted by the Communists who according to their records died while in their custody."

"I give up, now. Ray is gone now and now I know it," Mrs. Collier half-whispered to her husband, through her tears.

Collier, a retired infantry master sergeant with 25 years of service during which he was awarded the Silver Star, refused to give up. "The information is not definite. He might still be alive," he commented.

Words Of Gratitude
Meanwhile, in more fortunate homes there were the now familiar but no less touching words of gratitude to God and promises of family reunions and celebrations as word was received that a long absent son or brother was released.

In Lancaster, Mrs. Mabel G. Dangro heard the good news that her son, Cpl. William H. Dangro, had been repatriated from a newspaper reporter and photographer. In Warren County, Mrs. Leona L. Hunt of Russell, could only cry:

The African Gold Coast has large deposits of bauxite (aluminum ore.)

P.O. Department To Abandon Odd Cent

WASHINGTON (AP) — The lowly penny, which doesn't rate much anywhere any more, took still another shellacking today—this time from the Post Office Department. Postmaster General Summerfield announced the department is dropping the odd cent from its elaborate internal bookkeeping machinery, and that he hopes thereby to save a half million dollars a year.

The newly-adopted system is known as "whole-dollar" bookkeeping, and involves rounding out money figures to the nearest even dollar.

Summerfield said its use by industrial firms had proven that "pennies tend to lose their significance in large operations involving millions of dollars annually."

Our "Oh, oh..." and then "Thank the Lord!" when told her 25-year-old son, Pfc. James R. Hunt had been released.

"I can't wait to see my boy," was the expression of Mrs. Mary Flegger at East Brady in Clarion County. Her son, Sgt. Harry R. Flegger, had been interned since December, 1950.

Almost Abandoned Hope
In Washington County, Mrs. Lilian Sim, mother of Cpl. Norman L. Sim, 24, said she had almost given up hope her boy would be freed.

"Are you sure? Are you positive?" she asked.

Mrs. Gertrude Wheeler of Mason, Pa., cried tears of joy when she learned her son, Sgt. Bernard Wheeler, 23, was among the repatriates.

The mother of eight children, Mrs. Wheeler said she had received only one letter from Bernard since his capture back in November, 1950.

"I had just gone to bed and had been praying that my boy was safe," she said. "I can't express my happiness."

"I hope he will be home in time for his birthday Sept. 15."

Others Receive News
And so it went in the eight homes around the state, at the Dangros, the Hunts, the Fleggers, the Sims, the Wheelers and in the homes of Cpl. John L. Doherty in Philadelphia, Cpl. Arthur P. Miller in Hummelstown and Cpl. George Kubasi in Wilkes-Barre.

The families of the following Pennsylvania servicemen also received word from the Defense Department of the reported deaths of their relatives:

Pfc. Charles A. Dean, Bellefonte; Pfc. John H. Kaitlin, Pottsville; Pfc. Peter Kubic, Laitan; Cpl. Melford H. Lang, Altoona; Cpl. Thomas D. Lolis, Shamokin; Pfc. Melford C. Lowe, Jersey Shore; Cpl. Melvin D. Maas, North East; Cpl. Martin J. Marchowsky, Pottsville; Cpl. Paul J. Marshall, Cogan Station; Maj. Stephen T. Urtumio, Alburtis; and Pfc. Charles Zumar, Beaver Meadows.

WILL CONTINUE TO GIVE FOOD TO HUNGRY PEOPLE

BERLIN (AP)—West Berlin's government today abandoned plans to halt its food distribution to East Berliners for 11 days and announced the giveaway would continue without pause.

The city senate said the American-sponsored parcels of food would be given out daily to all Soviet zone residents who come for them. Earlier the senate had planned to continue supplying only East zone residents from outside Berlin and to hold up distribution to East Berliners beginning Sunday while the program's facilities were re-organized.

Since the venture started July 27, almost 2½ million parcels of food, sugar, canned milk and dried vegetables have been given to East Berliners. The hungry braved tough Communist police controls and countermeasures to smuggle the coveted packages back home.

Deny Protests
The senate denied reports, published in America, that the British and French had objected to continuing the U. S.-financed program because of fear of Russian reprisals. A British spokesman also said he knew nothing of any such objection.

A French official said: "Certainly we've not been too heartily in favor of the entire idea, but we've not protested about it nor do we intend to."

Allied officials said that when the food distribution was undertaken, some British and French authorities had expressed concern that it might boomerang against the East Germans.

But these officials said West German and American authorities convinced their reluctant colleagues that the anger of the East Germans, as illustrated by the June 17 revolts, was of such magnitude that the Communist regime would tread slowly in trying to combat food handouts.

White Sox Seem Sure Bet For Second Place; Playing Best Ball In Twenty Years

By BEN PHLEGAR
AP Sports Writer

Even if the Chicago White Sox don't catch the New York Yankees, Manager Paul Richards should rate a rousing cheer for his 1953 successes.

Hidden in the hoopla of the pennant struggle is the fact that the current edition of the Sox is playing better ball than any Chicago American League entry since 1920. That was the last time the Sox finished as high as second in the flag chase.

Richards took over a sixth place team at the start of the 1951 season. He finished fourth in his first year and third last season.

Trucks Is 15-6

In beating Detroit 7-0 last night, the Sox maintained their five game margin over third place Cleveland. While the Yankees—6½ ahead—appear out of reach, the Chicagoans are a solid bet for second.

Richards, a catcher in his playing days, has received a tremendous boost from two fellows who used to pitch to him and now pitch for him—Billy Pierce and Virgil Trucks.

Trucks came to the White Sox in mid-June from the St. Louis Browns. He's won 10 games and lost two for Richards and has an overall record of 15-6.

Rains Hit Schedule

Pierce won his 16th game last night against Detroit, the most he's ever won in the majors. It was his third straight shutout and ran his string of scoreless innings to 34 2-3.

Rains in the wake of the Atlantic hurricane washed out half of the major league program last night. New York at Philadelphia and Washington at Boston in the American League were postponed. So were Pittsburgh at Brooklyn and Philadelphia at New York in the National.

Cubs Beat Braves

Cleveland outlasted the St. Louis Browns 8-7. The Chicago Cubs battered Milwaukee 1-4 and Cincinnati edged the St. Louis Cardinals 2-1 in 11 innings.

Big Luke Easter blasted a pair of two-run home runs to add the Indians and Al Rosen hit one.

Home runs roused Milwaukee in Chicago as the Braves slipped eight games behind the league leading Dodgers. The Cubs hit four into the seats including a pinch hit grand slam by Bill Serena, his first in the majors. Eddie Mathews hit no. 37 for the Braves in the first inning.

Yearling Auction Near New Record

SARATOGA SPRINGS, N. Y. — A near record was chalked up by the Saratoga thoroughbred yearling sales as the five-night auction closed tonight with 247 head going under the hammer for \$2,062,500.

The figure was exceeded only by last year's sales when 332 were knocked down for \$2,065,500. The average of \$8,384 this year was higher, however. Last year it was \$6,312.

BISONS CALL 38 GRIDDERS

LEWISBURG, Pa. — Thirty-eight candidates for the 1953 Bucknell University varsity eleven will report to Coach Harry L. Lawrence, Tuesday, September 1, to begin daily pre-season practice sessions. Twelve of the candidates are lettermen.

Seven seniors, 17 juniors and 14 sophomores will compose the squad which will play a nine-game schedule, opening September 26, against Buffalo at home.

Minus three of his four offensive starting backs from last season, Lawrence is faced with developing an attack equal to the Myers-Tal-mage offense which carried the Bisons to 19 wins in their last 22 games.

He will again employ the Split-T type of offense which, since its adoption in 1949, has accounted for 27 wins and only eight setbacks.

Lawrence looks upon the schedule, including Holy Cross, Colgate and Temple, as one of the most difficult the herd has faced in recent years.

The schedule: Sept. 26, Buffalo; Oct. 3, Muhlenberg; Oct. 10, Holy Cross at Worcester, Mass.; Oct. 17, Temple, Homecoming; Oct. 24, Lafayette at Easton, Pa.; Oct. 31, Colgate at Bethlehem, Pa.; Nov. 7, Colgate at Hamilton, N. Y.; Nov. 14, Gettysburg at Gettysburg; Nov. 21, Delaware.

However, even their 13-under-park totals gave Middlecoff and Furgol only a slight edge over the pack. Hot on their heels at 132 were Art Wall Jr., Pocono Manor, Pa.; Dave Douglas, Newark, Del.; Jimmy Clark, Laguna Beach, Calif., and Frank Strahan, the Toledo strong boy and only amateur among the leaders.

Fifty-five golfers bettered yesterday, seven less than mastered the trick in the opening round, as the field was cut to the low 62 pros and 10 amateurs, plus ties.

All of the name players made the grade for the final 18-hole rounds today and tomorrow.

NEWPORT MATCH UP TO SEIXAS

NEWPORT, R. I. — Unless Wimbledon champion Vic Seixas can do something about it, the most ancient of U. S. tennis tournaments is likely to have its third straight all-Australian final.

As the situation now stands in the Newport Invitational, Ken Rosewall, 18-year-old Australian ace, takes on Tony Trabert of Cincinnati in the first semi-final match today. And Rosewall is the strong favorite.

Seixas already is in the other half of the round of four with Lewis Hoad, another 18-year-old Aussie, his likely opponent. Hoad must first dispose of Hamilton Richardson of Baton Rouge, La., but that doesn't figure to be any problem, since he's leading two sets to one in a match halted yesterday by rain.

Rosewall eliminated another Australian threat, Rex Hartwig, 6-2, 5-7, 6-4, 7-5 yesterday. Seixas entered the semis Thursday by beating Mervyn Rose of Australia.

TRY TO PATCH U. S. - BRITISH DIFFERENCES

By A. I. GOLDBERG

UNITED NATIONS, N. Y. — The 16 nations that fought under the U. N. banner in Korea readied another try today at patching up British-United States differences over the proposed inclusion of India and the Soviet Union in the forthcoming Korean political conference.

Delegates gathered at U. S. mission headquarters for their third private huddle on the issue only a few hours after the British government declared it was not committed to a renewal of the Korean War if the armistice were broken by any nation on the U. N. side.

The declaration apparently was aimed at South Korean President Syngman Rhee, who told a mammoth rally in Seoul today that "it is our wish and determination to march north at the earliest possible time" to achieve unification of divided Korea.

The British-American rift over the makeup of the political conference followed Britain's nomination of both Russia and India. The London government has maintained that if the world wants a real settlement Russia must be represented and it put forward India as a symbol of non-Communist Asia.

The United States has insisted that only countries which fought for the U. N. have the right to represent the international organization at the parley.

Portugal is the leading cork-producing nation, followed by Spain and French North Africa.

ALL-STARS GET GRID LESSONS FROM DETROIT

CHICAGO (AP)—It's not as well known that most of the College All-Stars move on today to join their respective pro teams now in training. They have a lot to learn.

They found that out last night when the Detroit Lions, one of the most determined pro teams in the series history, gave them a football lesson, 24-10.

The Lions left little doubt in the minds of 93,818 spectators at Soldier Field—biggest crowd since 1948—and uncountable TV-radio fans that they will be hard to stop from repeating for the National Football League crown this fall.

They sheared the All-Stars with the fanciest passing barrage ever seen in the rivalry, gaining a record 339 yards in the air. Bobby Layne, who was not supposed to be leading up to par, personally contributed 323 yards of hitting on 21 of 31 tosses.

The Lions picked up 134 yards on the ground.

The All-Stars were virtually symmetrical by comparison. With the Lions setting up a new defense with each new opposing quarterback, Jack Scarbath of Maryland—who will be with the Washington Redskins, Dale Samuels of Purdue (Chicago Cardinals), and Tom O'Connell of Illinois (Chicago Bears) combined for a mere 80 passing yards.

They connected on only nine out of 27.

Meanwhile, Gib Dawson of Texas, Buck McPhail of Oklahoma and Doc McCallie of Michigan State mustered most of the running power from scrimmage that totaled 197 yards.

PURE TO COACH AT WAYNESBORO

Harry Pure, Philadelphia, one-time Gettysburg College basketball star, has been named as head basketball coach, assistant football coach, and a member of the social studies and health faculties of Waynesboro High School by the Waynesboro Board of Education.

Pure, 26, who has just completed a tour of duty with the U. S. Army, played with the Gettysburg Merchants in the 1948 H-Y tournament at Waynesboro. The team won the championship. Mr. and Mrs. Pure will move to Waynesboro early in September.

Pure was recommended to the Waynesboro board by Henry T. Bream, director of Athletics at Gettysburg College. He was high scorer on the Gettysburg College squad his freshman year and in 1947 was on the Little Three All-Star Squad, made up of members of the basketball teams of Gettysburg, Dickinson and Franklin and Marshall.

He also received All-Star recognition while playing basketball for Gettysburg College.

Hurricane Delays Freed Yanks' Flight

WASHINGTON (AP)—The East Coast hurricane today again delayed temporarily the trip of eight ailing former prisoners of war to hospitals near their homes.

Their four-engine military transport plane landed at nearby Andrews Air Force Base early this morning, after being held up at Scott Air Force Base, Ill., because of the East Coast weather.

The men were scheduled for immediate transfer here to other planes taking them to their destinations. But the craft had been evacuated from Andrews because of the storm threat.

Officials said they expected to have the planes on hand within a few hours.

Meanwhile the returning POWs, most of them suffering from tuberculosis, were carried from the transport by stretcher and placed in the base hospital.

Build Tent City For North Koreans

MUNSAN, Korea (AP)—A huge tent city is being built near Panmunjom to house 23,000 North Korean and Chinese prisoners who refused repatriation.

Some 3,000 Army engineers, working around the clock, are erecting 1,100 tents. They will house not only the prisoners but medical and Red Cross units, guard troops, supervisory personnel and Communist officers who will attempt to convince the POWs to return to their homelands.

CAMP HILL IN GAME OF LITTLE LEAGUE SERIES

WILLIAMSPORT, Pa. (AP)—Camp Hill faced Pittsburgh North Boroughs here today in the final game of the Seventh Annual Pennsylvania Little League Tournament.

Biggest threat for the Steel City nine was Matt Szykowny, who hammered a pair of home runs yesterday in his team's semi-final tilt with Lewisburg.

Opposing him was pitcher Vince DiSilveri, who also slammed a home run yesterday in Camp Hill's semi-final game with Bethlehem.

North Boroughs won their final berth by topping Lewisburg, 4-3, in a tight extra inning contest before a crowd estimated at 4,500.

Lewisburg took an early 3-1 lead on a three-run homer by Bob Kijole. North Boroughs scored once in the first inning on an error, a walk and a single by Cliff Bickerton.

Szykowny knotted the score by blasting the first of his two homers over the scoreboard with one on.

After that it was a pitcher's duel between North Boroughs' Glen Abel and Lewisburg's southpaw Johnny Pick.

Gets Longest Hit

In Camp Hill's fight for the final round, DiSilveri, connected for one of the longest hits in the Little League annals, clearing the fence in right center field and within a foot of clearing a duke some 250 feet from home plate with one on.

In addition to DiSilveri's homer, Chip Lundy, Bruce Brubaker and Jay Duntamas also made roundtrippers.

A combination of an error, walk and Jack Ruyak's single got Bethlehem one of its tallies in the first. The other came in the fourth on a pair of walks, a double steal and a wild pitch by DiSilveri.

Lewisburg 120 000 1-4 5 1
Pittsburgh 300 000 x-3 4 2
G. Abel and Weir, Speitz; Pick and Lucas.

Camp Hill 212 020-7 8 1
Bethlehem 100 100-2 3 4 2
DiSilveri and Falk; Duga, Ruyak (3) and Oechsle.

Jack Harshman, lefthanded hurler for Nashville, was the only unanimous choice for the Southern Association's All-Star game.

Hunterstown Victory Solves League Playoff Question; Begin Semi-Finals August 23

League Standing

	W.	L.	Pct.
Bonneauville	12	2	.857
Taneytown	10	3	.769
Greenmount	9	5	.643
Brushtown	8	6	.571
Huntertown	7	7	.500
Bendersville	6	7	.461
Harney	2	11	.154
Emmitsburg	0	13	.000

Friday's Result
Hunterstown 7, Brushtown 6.
Sunday's Games
Harney at Taneytown.
Emmitsburg at Bendersville (tentative).

Hunterstown squeezed through a run in the last inning to defeat Brushtown 7 to 6 at Hunterstown Friday night, and as a result the South Penn Baseball League will be able to start its Shaugnessy playoffs for the championship August 23 without any difficulties.

Friday night's game had its greatest importance in its ability, had Brushtown won, to cause a tie for third place in the league standings. With Hunterstown winning, the holders of the first four places in the league were decided.

As a result Greenmount will be at Bonneauville and Brushtown at Taneytown August 23 for the first games of the semi-final series. The victors in the three-game series will meet in the final three games for the league title.

Takes Early Lead

Brushtown started off Friday evening as if it meant to put the game on ice early, with three runs in the first inning. Hunterstown came back in the second to score five of its runs. Then Brushtown retaliated with three more to make it 6 to 5 in the third.

Hunterstown added a tally in its half of the third to tie the game at 6 to 6. Both teams failed to score in the fourth and in the fifth three hits and an overthrown brought Bill Hoyer, the Hunterstown catcher, in with the winning run.

Ben Smith hurled for Brushtown with Leroy Moore catching. Ben Miller started on the mound for Hunterstown and was replaced in the third by Fred Beston. Bill Hoyer was the catcher.

Definite plans have been made for Harney and Taneytown to play this Sunday, league officials said. But plans were not immediately completed for the Emmitsburg-Bendersville contest.

TOURNAMENT IN SECOND DAY

ALLENTOWN, Pa. (AP)—Two state regional champion softball teams met here today as the State Softball Tournament moves into its second day.

The West Chester Barons, district Nine titlists, meet the Huntingdon Park All-Stars, District Four champions, in the first of seven games on today's card. The double elimination tournament ends tomorrow.

Eastern League

By The Associated Press

The Reading Indians held a slim single-game lead in the Eastern League today.

They were clipped a full game last night as they lost, 10-6, to the Albany Senators, and the second-place Binghamton Triplets claimed the Wilkes-Barre Barons, 5-3.

In other games the Schenectady Blue Jays beat the Williamsport Athletics, 11-6, for their 21st victory in the last 25 starts and the Scranton Miners and Elmira Pioneers split a pair of 5-4 games.

At Reading, the Albany Senators pounded five Indian pitchers for 12 hits and made a 10 runs in the first four innings. Stan McWilliams (10-8) went all the way for Albany. Murph Murszewski took the loss for Reading. Hero Score allowed only one hit after taking the mound for Reading in the fifth.

White Sox Seem Sure Bet For Second Place; Playing Best Ball In Twenty Years

By BEN PHLEGAR
AP Sports Writer

Even if the Chicago White Sox don't catch the New York Yankees, Manager Paul Richards should rate a rousing cheer for his 1953 successes.

Hidden in the hoopla of the pennant struggle is the fact that the current edition of the Sox is playing better ball than any Chicago American League entry since 1920. That was the last time the Sox finished as high as second in the flag chase.

Richards took over a sixth place team at the start of the 1951 season. He finished fourth in his first year and third last season.

Trucks Is 15-6

In beating Detroit 7-0 last night, the Sox maintained their five game margin over third place Cleveland. While the Yankees—6½ ahead—appear out of reach, the Chicagoans are a solid bet for second.

Richards, a catcher in his playing days, has received a tremendous boost from two fellows who used to pitch to him and now pitch for him—Billy Pierce and Virgil Trucks.

Trucks came to the White Sox in mid-June from the St. Louis Browns. He's won 10 games and lost two for Richards and has an overall record of 15-6.

Rains Hit Schedule

Pierce won his 16th game last night against Detroit, the most he's ever won in the majors. It was his third straight shutout and ran his string of scoreless innings to 34 2-3.

Rains in the wake of the Atlantic hurricane washed out half of the major league program last night. New York at Philadelphia and Washington at Boston in the American League were postponed. So were Pittsburgh at Brooklyn and Philadelphia at New York in the National.

Cubs Beat Braves

Cleveland outlasted the St. Louis Browns 8-7. The Chicago Cubs battered Milwaukee 1-4 and Cincinnati edged the St. Louis Cardinals 2-1 in 11 innings.

Big Luke Easter blasted a pair of two-run home runs to add the Indians and Al Rosen hit one.

Home runs roused Milwaukee in Chicago as the Braves slipped eight games behind the league leading Dodgers. The Cubs hit four into the seats including a pinch hit grand slam by Bill Serena, his first in the majors. Eddie Mathews hit no. 37 for the Braves in the first inning.

TRY TO PATCH U. S. - BRITISH DIFFERENCES

By A. I. GOLDBERG

UNITED NATIONS, N. Y. — The 16 nations that fought under the U. N. banner in Korea readied another try today at patching up British-United States differences over the proposed inclusion of India and the Soviet Union in the forthcoming Korean political conference.

Delegates gathered at U. S. mission headquarters for their third private huddle on the issue only a few hours after the British government declared it was not committed to a renewal of the Korean War if the armistice were broken by any nation on the U. N. side.

The declaration apparently was aimed at South Korean President Syngman Rhee, who told a mammoth rally in Seoul today that "it is our wish and determination to march north at the earliest possible time" to achieve unification of divided Korea.

The British-American rift over the makeup of the political conference followed Britain's nomination of both Russia and India. The London government has maintained that if the world wants a real settlement Russia must be represented and it put forward India as a symbol of non-Communist Asia.

The United States has insisted that only countries which fought for the U. N. have the right to represent the international organization at the parley.

Portugal is the leading cork-producing nation, followed by Spain and French North Africa.

Hunterstown Victory Solves League Playoff Question; Begin Semi-Finals August 23

League Standing

	W.	L.	Pct.
Bonneauville	12	2	.857
Taneytown	10	3	.769
Greenmount	9	5	.643
Brushtown	8	6	.571
Huntertown	7	7	.500
Bendersville	6	7	.461
Harney	2	11	.154
Emmitsburg	0	13	.000

Friday's Result
Hunterstown 7, Brushtown 6.
Sunday's Games
Harney at Taneytown.
Emmitsburg at Bendersville (tentative).

Hunterstown squeezed through a run in the last inning to defeat Brushtown 7 to 6 at Hunterstown Friday night, and as a result the South Penn Baseball League will be able to start its Shaugnessy playoffs for the championship August 23 without any difficulties.

Friday night's game had its greatest importance in its ability, had Brushtown won, to cause a tie for third place in the league standings. With Hunterstown winning, the holders of the first four places in the league were decided.

As a result Greenmount will be at Bonneauville and Brushtown at Taneytown
